July 28, 2015

TO: BIDDERS

SUBJECT: ADDENDUM NO. 1
REQUEST FOR PROPOSAL FOR
Belmore Reconstruction

The following information, amendments and revisions shall constitute Addendum No. 1, dated July 28th, 2015, and shall form an integral part of the Request for Proposal and where applicable shall supersede requirements of other Request for Proposal documents.

This addendum is to confirm:

- All fees are to assume Reconstruction in 2016.

- Item 1.3a requests the bidders to indicate a “Value for Construction” to apply a contract administration %.

   In order to ensure each bidder is basing their CA costs on a comparable bid, please be advised that our construction estimate for road works is $450,000.00 and the culvert replacement is $550,000.00. Therefore, the value of construction estimate for bidding is based on $1,000,000.00.

   Bidders are also asked to provide their estimated “Value of Construction” with no impact on the RFP evaluation.

Should you have any questions do not hesitate to contact me directly.

Yours truly,

Adam Weishar, C.E.T.
Manager of Operations
