Municipality of Morris-Turnberry
41342 Morris Rd.
Brussels, ON
N0G 1H0

To Council Members of the Municipality of Morris-Turnberry:

Thank you for allowing the United Way of Perth-Huron (UWPH) and the Social Research & Planning Council (SRPC) to speak at the Morris-Turnberry council meeting.

United Way Perth-Huron improves lives and builds strong local communities by bringing change where it is needed most. Over the past year we have researched our local community extensively to understand what Quality of Life we enjoy in Huron and Perth County. Quality of life refers to the general wellbeing of individuals and society, and is defined in terms of health and happiness, rather than just wealth. The SRPC was pleased to discover that although in some areas of our Counties we fall behind provincial averages, in many areas we excel.

The rural environment that characterizes Perth and Huron contributes positively to quality of life, bringing strong friendships, attachments, and a willingness of neighbours to lend a helping hand. Three-quarters of the population reported a strong sense of belonging to the community – consistently well above the provincial average, and over 90% of people saying they are satisfied or very satisfied with life in general.

Like many rural areas across Ontario however, Huron and Perth are experiencing a number of similar challenges. The population is aging, and there is a high out-migration of young adults who are leaving the community for employment and/or post-secondary education opportunities. There is a greater percentage of low-to moderate income households in our area than compared to provincial rates.

These are just a few of the many discoveries we have made about the place we all call home, and we look forward to sharing more with you through our delegation visit to your Council.

In addition to continuing to discover and understanding our community and its needs more, major goals for this coming year include:

1) Raising more campaign money than ever before, an ambitious goal of $1,176,000
2) Developing an Action Plan that will enable us to enhance our ability to our community with greater capacity and effectiveness.

United Way Perth-Huron
Change starts here.
The United Centre, 32 Erie St., Stratford ON N5A 2M4
519-271-7730 | 877-818-8867
unitedwayperthuron.ca
3) Developing partnerships and a framework for our new Community Trends Platform initiative that will enable all residents to have greater access to relevant, local data.

The SRPC continues to be supported by the County of Perth, Town of St. Marys and City of Stratford and has received support from six Huron municipalities, including Huron East, Huron South, North Huron, Bluewater, Ashfield-Colborne-Wawanosh, and the Town of Goderich. With funding from both Huron and Perth municipalities, the SRPC has been able to expand its work and produce dual county reports on relevant issue areas in our local community.

On behalf of the Board of Directors of the United Way of Perth-Huron, thank you in advance for your ongoing support of your United Way. We remain committed to our role as one of the most significant providers of funding to community-based human service organizations in our community.

Sincerely,

[Signature]

Social Research & Planning Council

United Way Perth-Huron
Growing the seeds of change

The Social Research & Planning Council (SRPC) is made up of community members who collect, analyze, and distribute information relating to social trends and issues in Huron and Perth County.

**Previous Reports**

**We do this by:**

- Commissioning research into specific social issues
- Working collaboratively with community members to implement change.

In 2011/12, over 90% of the population reported that they are satisfied or very satisfied with life in general, consistent with the Peer Group and provincial average.
Notice is hereby given that the Council of the Corporation of the Municipality of Morris-Turnberry, will be giving consideration to:

1. The '2015' Budget with the intention to adopt and/or amend the budget
2. The '2015' Water rates for the Belgrave Water System

The meeting will be held:
Date and Time: Tuesday March 17, 2015 at 8:00pm
Location: The Council Chambers located at 41342 Morris Rd, Brussels, ON

Everyone is welcome to attend.

Nancy Michie
Administrator Clerk-Treasurer
Municipality of Morris-Turnberry
RECOMMENDATION
That Council pass a resolution subject to Section 34(17) indicating that no further notice is required.

That the application for a zoning be approved.

PURPOSE AND DESCRIPTION
The purpose and effect of this application is to change the zoning on Part Lot 10, Concession 11 (41608 Glenannon Road) former Township of Turnberry from AG4 (Agricultural Small Holdings) to AG4-13 (Agricultural Small Holdings- Special).

The zoning by-law amendment is required to permit a shed in the exterior side yard with a setback of 8 metres to Jeffray Line.

The zoning by-law amendment also recognizes a front yard setback of 7.2 metres to permit the construction of a front porch.

The area of the property subject to the amendment is .2 ha (approximately .5 acres). This by-law amends the Municipality of Morris-Turnberry Zoning By-law 45-2014.

COMMENTS
The property is designated Agricultural in the Morris-Turnberry Official Plan, and zoned AG4 (Agriculture Small Holdings) in the Morris-Turnberry Zoning By-law.

The application proposes to rezone the property from AG4 (Agricultural Small Holdings) to AG4-13 (Agricultural Small Holdings) to permit an accessory building with an exterior side yard of 8 metres. (The exterior side yard for this property is Jeffray Line.) The required exterior side yard setback for both the permitted use (Section 7.4.6) and the accessory use (Section 3.4.2) in an AG4 zone is 20 metres.

There is an existing house on the property with an 8 metre (approx. 26 feet) setback to Jeffray Line. The photo below shows the existing residence. A drawing of the lot with the existing house and proposed shed has been provided by the applicant, and is also included in the report.

At the public meeting on February 17 2015, the applicant requested that a reduced front yard also be recognized in the rezoning. The required front yard setback for an AG4 zone is 20 metres. The applicant has provided documentation by e-mail (February 21 2015) stating that there is an existing non-complying front yard setback of 9.6 metres. He is requesting a front yard setback of 7.2 metres to permit a front porch.
The Director of Public Works has reviewed the application and considered the impact on road maintenance and snow removal, and has no concerns regarding the reduced sideyard setback. The Director of Public Works has also reviewed the request for a reduced front yard setback and has no concerns.

Susanna Reid, Planner

Others consulted:
- G. Pipe, Director of Public Works
- S. Fortier, Chief Building Official

Photo of subject property January 27 2015. Standing on Jeffray Line looking north

Drawing of subject property showing proposed shed and front porch provided by the applicant on February 21 2015
WHEREAS the Municipal Council of the Corporation of the Municipality of Morris-Turnberry considers it advisable to amend Morris-Turnberry Zoning By-law 45-2014 of the Corporation of the Municipality of Morris-Turnberry and;

NOW, THEREFORE, the Council of the Corporation of the Municipality of Morris-Turnberry, ENACTS as follows:

1. This by-law shall apply to part of Lot 10, Concession 11, former Township of Turnberry, Municipality of Morris-Turnberry as shown on the attached Key Map- Turnberry (North).

2. By-law 45-2014 is hereby amended by changing the zoning on the subject land from ‘Agricultural Small Holdings (AG4)’ to ‘Agricultural Small Holdings-Special (AG4-13)’ as shown on the attached Schedule A.

3. The following section 7.9.13 is hereby added to Municipality of Morris-Turnberry Zoning By-law 45-2014:

   Notwithstanding the provisions of sections 3.4 and 7.4.6 to the contrary, for the area zoned AG4-13 an accessory building is permitted in the exterior side yard with a side yard setback of 8 metres. Notwithstanding the provision of Section 7.4.4 to the contrary, for the area zoned AG4-13 the minimum front yard setback is 7.2 metres.

4. Key Map Turnberry (North), By-law 45-2014 is hereby replaced by the amended Key Map Turnberry (North) attached hereto which is declared to be part of this by-law.

5. Schedule A detailing the location of the lands to which this amendment applied is attached hereto which is declared to be part of this by-law.

6. This by-law shall come into effect upon final passing, pursuant to Section 34(21) of the Planning Act, RSO 1990, as amended.

READ A FIRST TIME ON THE 17th DAY OF March, 2015.
READ A SECOND TIME ON THE 17th DAY OF March, 2015.
READ A THIRD TIME AND PASSED THIS 17th DAY OF March, 2015.

Paul Gowing, Mayor

Nancy Michie, Administrator Clerk-Treasurer
By-law No. 19 - 2015 has the following purpose and effect:

1. The purpose and effect of this application is to change the zoning on Part Lot 10, Concession 11 (41608 Glenannon Road) former Township of Turnberry from AG4 (Agricultural Small Holdings) to AG4-13 (Agricultural Small Holdings- Special).

The zoning by-law amendment is required to permit a shed in the exterior side yard with a setback of 8 metres to Jeffray Line. The amendment also recognizes a front yard setback of 7.2 metres to permit the construction of a front porch. The area of the property subject to the amendment is .2 ha (approximately .5 acres).

This by-law amends the Municipality of Morris-Turnberry Zoning By-law 45-2014. All other zone provisions apply.

2. The map showing the location of the lands to which this by-law applies is shown on the following page and is entitled 'Location Map'.

| Area Retained: 71 ha (approx. 175.4 acres) | Official Plan Designation: Agriculture, Agriculture (Non Prime), Natural Environment Limited Protection | Zoning: AG1 (General Agriculture) and ER1 (Extractive Resources) |

Review: This application:
- X is consistent with the Provincial Policy Statement (s. 3(5) Planning Act);
- X Does not require a plan of subdivision for the proper and orderly development of the municipality (s. 53(1) Planning Act);
- X Conforms with section 51(24) of the Planning Act;
- X Conforms with the Huron County Official Plan, section 2.3.8
- X Conforms with the Morris-Turnberry Official Plan, section 3.4.9
- X Conforms with the municipal Zoning By-law;
- X Has been recommended for approval by the local municipality; and
- X Has no unresolved objections/concerns raised (to date) from agencies or the public.
  (Applications that do not meet all of the foregoing criteria will be referred to the Committee of the Whole for a decision)

Agency Comments:

| Municipality of Morris-Turnberry | Not Received or N/A | No Concerns | See Conditions |
| Maitland Valley Conservation Authority | X | |
| Huron County Health Unit | | X |

Additional Comments:

This is an application for a surplus residence severance. The County of Huron Official Plan (Section 2.3.8) and the Morris-Turnberry Official Plan (Section 2.3.8) permit surplus residence severances, provided the application satisfies the criteria of the surplus residence policies. Surplus residence requirements are reviewed below.

- The farm residence is surplus to the farmer. Other farms with houses owned by the applicants include: North Pt Lot 2, North Pt Lot 3, Concession 3 Morris; North Part Lot 5.
Consent Application Report – File # 59/14

Concession 3 Morris, Part Lot 41, Concession 9, East Wawanosh; Part Lot 42, Concession 11, East Wawanosh.

- The residence must have been constructed prior to June 28, 1973. The applicants have advised that the house is approximately 100 years old.
- The residence is habitable.
- The total parcel subject to the application must be 38 ha in size, and no other residence exists, and there have been no previous separations for residential purposes. This farm is 71 ha in size and there have been no previous severances.
- Where there is a barn in proximity to the surplus residence severance, Council may require that it be demolished, or it can be included with the residential lot. There is a small bank barn on the property which is proposed to be included with the severed lot.
- All consents will be subject to minimum distance separation requirements. MDS requirements have been reviewed, and the application conforms.

Rezoning: As a condition of severance, the severed land must be rezoned to AG4-special (Agricultural Small Holdings) and the retained land to AG2-special (Restricted Agriculture Special). The new Morris-Turnberry Zoning By-law includes a general provision that changes the zoning for surplus residence severances without the requirement of a zoning by-law application.

Septic system: The Huron County Health Unit has reviewed the application. A pump-out certificate was provided indicating that the septic system is in good working order. The Health Unit has no concerns with the application and is not requesting any conditions.

Entrances for farm land: The Building Official has visited the property and advises there are two farm entrances on the retained parcel, one on Clegg Line and one on Browntown Road.

A sketch of the severed and retained land is below.
Photo of house and barn to be severed.

Photo of farmland (standing on Browntown Road looking east.

Recommended Conditions (denoted by X)

**Expiry Period**

X Conditions imposed must be met within one year of the date of notice of decision, as required by Section 53(41) of the Planning Act, RSO 1990, as amended. If conditions are not fulfilled as prescribed within one year, the application shall be deemed to be refused. Provided the conditions are fulfilled within one year, the application is valid for two years from the date of decision.

**Municipal Requirements**

X All municipal requirements be met to the satisfaction of the municipality including servicing connections if required, cash-in-lieu of park dedication, properly maintenance, compliance with zoning by-law provisions for structures, and any related requirements, financial or otherwise.

X The sum of $300 be paid to the Municipality of Morris-Turnberry as cash-in-lieu of parkland.

**Survey**

X A survey to be submitted to the County and to the municipality showing the lot lines of the severed parcel and the location of any buildings thereon. Where a violation of any municipal zoning by-law is evident, the appropriate minor variance or rezoning shall be obtained before the deed is stamped.

**Zoning**

X The severed be rezoned to AG4-1 (Agricultural Small Holdings-Special) to the satisfaction of the municipality.

X The retained land be rezoned to the appropriate zone AG2-1 (Restricted Agriculture-Special), to the satisfaction of the municipality.

Attention: Warden, Mayors/Reeves and Members of Council,

Re: 2015 Association of Ontario Road Supervisors (AORS) Municipal Trade Show

The Huron County Trade Show committee would like to thank all Councils for their past support in our preparation for the upcoming Municipal Trade Show. At this time we have sold 106 inside and 79 outside booths, for a total of 76% of total booth space. We are currently working to create additional inside booth space, as we only have 22 indoor spaces left. Based on previous years we are projecting a sold out event. Proceeds from this event will be distributed to a variety of County wide initiatives. We have also booked more than $40,000 of accommodations within Huron County over the 3 day event.

This will be the 30th AORS Public Works Trade Show, and the 3rd hosted by the Huron County Road Supervisors. Huron County was proud to hold the very first trade show at Varna in 1986, and again at Seaforth in 1997. Plans are progressing well and everything suggests the upcoming show in Exeter will be a success. We would like to take this opportunity to invite everyone to attend the event on June 3rd or 4th.

At this time we are asking that your Municipality consider providing public works staff to assist with the show set up, help during the show with various things such as parking, traffic, signage, etc. and take down. It has been the assistance of volunteers in the past that has helped make this show such a huge success for Huron County.

Enclosed please find copies of the Tradeshow booklet for distribution to your Council Members.

If you have any questions or concerns please do not hesitate to contact me.

Respectfully submitted,

Yours truly,

Sean Thomas
Chairman 2015 AORS Trade Show
Secretary-Treasurer, Huron County Road Supervisors Association
sthomas@goderich.ca

LARGE ITEM PICKUP

FOR THE URBAN AREAS OF THE

MUNICIPALITY OF MORRIS-TURNBERRY

Areas included

The Municipality of Morris-Turnberry is hosting a "Large Item Pickup" or "Treasure Swap" Day for all of the residents in the URBAN AREAS- Belgrave, Belmore, Bluevale, Fringe of Brussels, Junctionville, Lower Wingham, North Wingham, Turnberry Estates, Walton on

FRIDAY May 2, 2014

If you have any large items you would like to give away or dispose of, set them out at the Curb by 9:00am on Friday May 2nd, 2014.

Please identify items that are available to be “swapped” by tying a piece of material on them. Any person looking for items must remember that only the items identified with a piece of material are available for taking. The Municipality is not responsible for items accidentally removed by error, so all residents should ensure that all items are correctly labelled or removed from the area.

Any items not "swapped" by Monday May 5th, 2014, will be collected on

Monday May 5th, 2014.

commencing at 9 am and transferred to the Landfill site. If you wish to save any item not taken, please remove them from the curb before 9 am on Monday May 5th, 2014.

Any Large Items from the URBAN or RURAL areas can be delivered to the Municipal Landfill, 85047 Clyde Line on Monday May 5th, 2014 at NO CHARGE.

The Landfill will be open Monday May 5th, 2014, 10:00am till 1:00pm

Items that are available for collection are:

♦ Household furniture
♦ Appliances
♦ Barbecues
♦ Rototillers or other gardening tools
♦ Lawnmowers
♦ Lawn chairs and tables
♦ Clothing
♦ Refrigerators, freezers or air conditioners – only with a "Freon Free" sticker.

The following items WILL NOT be picked up:

♦ Regular Household garbage
♦ Recycling materials
♦ Construction or Demolition Debris
♦ Tires
♦ Agricultural Waste

April 24, 2014

Please turn over for details of the Spring Yard Waste Collection
MUNICIPALITY OF MORRIS-TURNBERRY

2014 SPRING YARD WASTE COLLECTION

The Municipality will be picking up leaves, grass clippings and yard waste in the Morris-Turnberry URBAN areas on the following dates:

Thursday May 1, 2014,
Thursday May 15, 2014, and
Thursday May 22, 2014

NO BAG TAGS ARE REQUIRED FOR THIS PICKUP!

Areas included: Belgrave, Belmore, Bluevale, Fringe of Brussels, Junctionville, Lower Wingham, North Wingham, Turnberry Estates, Walton

Leaves, grass clippings and yard waste may also be delivered to the Morris-Turnberry Landfill Site at 85047 Clyde Line, any Wednesday or Saturday.

Materials MUST be placed at the curb in Biodegradable Bags.

Paper Organic Yard Waste bags, can be purchased at Stainton Hardware and Hodgins RONA in Wingham, McDonald Home Hardware and Huron County Hardware in Brussels.

The Bags must be placed at the curb by 7 a.m. for collection. The Bags will be picked up from a different truck than the regular garbage.

Plastic bags are not acceptable for yard waste and will NOT be picked up. The Municipality encourages grass clippings to be left on your lawn providing valuable moisture and nutrients to your lawn.

Residents should not include tree branches, which are greater then 4” in diameter and 5 feet long. Use strong twine to bundle tree or shrub branches.

Yard waste DOES NOT include sod, soil, lumber, tree stumps or stones and must be free of metal, food wastes and garbage. The Municipality will NOT pick up loose branches!

Any Questions please contact the Municipal office at 519-887-6137
Report to the Council on the Automated Curbside Pickup:

In July, 2015, the contract with Bluewater Recycling must be renewed for the Curbside Pickup.

The Wheely bins are owned by Bluewater Recycling.

The current contract is $132,233.24 + $12,236.25 (disposal) which is paid by Bluewater Recycling.

The net contract is $132,233.24. This charge is for 1579 properties - Urban 833 and Rural 452, ICI 59 and Depot collection 235.

The contract is currently Urban - weekly and rural biweekly.

Recommendation:

To call for a quote for Bluewater Recycling Co-collection - which is recycling and waste in the same truck.

1. Urban - weekly and rural biweekly one side
2. Urban - weekly and rural biweekly both sides
3. Urban weekly both sides and rural biweekly one side
4. Biweekly urban - both sides and Biweekly rural - one side.

Thankyou.

NOTICE OF DRAINAGE WORKS

Notice To Affected Property Owners:

Re: Grant Municipal Drain 2015

You are hereby notified that the engineer appointed for the purpose did on March 5, 2015, file at this office his report respecting the “Grant Municipal Drain 2015”.

The Council of the Municipality of Huron East will meet at the Municipal Office, Huron East Council Chambers on Tuesday, March 17, 2015 at 7:00 p.m., when the said report will be considered.

The Engineer will be in attendance to present his report and answer any questions.

Brad Knight
CAO/Clerk

Encl.
2015 Rural Summer Jobs Service:

As in previous years, Morris-Turnberry has received the information to apply for a grant for student employment for the summer of 2015.

Our recommendation is to hire 2 students for the road department to cut grass. This has worked out well in the past.

Under the grant program we receive $2.00 per hour grant with a maximum of 560 hours in the summer.

Last year we had 1 student also in the office, after a home accident and the student couldn’t work in the public works. The student upgraded the business directory.

I hereby request permission to hire a student for the office this summer to upgrade the business directory and go door to door to sign up as many people as possible for Huron Ready and other tasks as required.

Submitted by Nancy Michie
We are pleased to announce the launch of the **2015 Rural Summer Jobs Program**.

The application has been updated again this year and we will be using your previous file number (located at the top of this email) as a reference for your 2015 application. Please put this file number in the appropriate spot on page 1 of the 2015 application. Also note that having a previous file number does not indicate that your 2015 application will be automatically approved.

Please follow this [link](#) for further information on the 2015 Rural Summer Jobs Program.

If you have any questions regarding the Rural Summer Jobs Service program, please do not hesitate to contact us at 1-877-424-1300 or email rsjs.omafra@ontario.ca.

2015 Rural Summer Jobs Service

The goal of the Rural Summer Jobs Service (RSJS) is to encourage rural employers to create summer jobs that enhance the life skills and work experience of students in Ontario. In 2014, over 1,500 employers participated in creating over 4,600 rural summer jobs. The RSJS is part of the Ontario Government’s Ontario Summer Jobs Strategy to assist students across Ontario.

What does the Rural Summer Jobs Service offer?

The Government of Ontario provides a $2/hour hiring incentive to eligible, rural employers who can create summer jobs for rural students between the ages of 15 and 30. The program offers an opportunity for employers to hire a student and receive reimbursement for the time worked between April 1st and September 30th. Rural employers may receive the hiring incentive for up to 560 hours per eligible summer employee.

Reminders for 2015

Application - Consists of three pages including an updated employer declaration. To ensure acceptance into the program, please make sure that all fields are completed in full.

Important Dates

April 1, 2015: First day of eligibility for subsidized employment for student positions
April 17, 2015: Deadline for submission of Employer Application forms
May 2015: Student Checklist and Claim forms will be posted on this webpage
May 30, 2015: Applicants will be notified of application status and number of positions approved
July 31, 2015: Deadline for submission of the Student Eligibility Checklists
September 30, 2015: Last day of eligibility for subsidized employment for student positions
October 23, 2015: Deadline for submission of Employer Claim forms either by email, fax or by mail

Application Process

There are two options for applying to the program:

1. On-line Application and Submission

   - Save and email the application to rsjs.omafra@ontario.ca (If you require Adobe Acrobat Reader you can install it on your computer for free by downloading the program from Adobe at www.get.adobe.com/reader)
   - After completing the form, type your name in the signature field. This is considered an electronic signature for the purpose of the Employer Application
   - Put your organization’s name and File # (if applicable) as the subject line

2. Regular Mail or Fax

   - Print the application form and mail or fax to us at the address or fax number below

Please use only one method to submit your application

Downloadable Form:

   - 2015 Employer Application/Contract

Note: Student Eligibility Checklists and Claim Forms will be posted by the end of May 2015

Applicants may expect to receive confirmation stating the number of approved positions by May 30, 2015. All eligible rural employers who have submitted a completed application form will be awarded at least one position. A representative of the 2015 RSJS will contact all employers who have submitted an ineligible application form by telephone, email, fax or mail.

**More Information:**

For the RSJS call 1-877-424-1300 or fax at 519-826-3170 or e-mail rsjs.on.ofarmar@ontario.ca

ALL ONTARIO MUNICIPALITIES

Re: Town of Aurora Council Resolution of February 10, 2015
Motion (e) Councillor Thompson; Re: Bill 52, the Protection of Public Participation Act

Please be advised that this matter was considered by Council at its Council meeting held on February 10, 2015 and in this regard Council adopted the following resolution:

WHEREAS the Provincial Government has recently introduced “Bill 52, Protection of Public Participation Act, 2014”; and

WHEREAS Bill 52 seeks to amend the Courts of Justice Act, the Libel and Slander Act and the Statutory Powers Procedure Act in order to protect expression on matters of public interest; and

WHEREAS Bill 52 is commonly referred to as Anti-SLAPP legislation and is intended to enact many of the recommendations put forward by the Anti-SLAPP Advisory Panel of 2010; and

WHEREAS SLAPP litigation, an acronym for Strategic Lawsuits Against Public Participation, is a tactic which is often viewed as a means to silence, intimidate and deter people from participating in discussions on matters of public interest; and

WHEREAS the Province has stated that the ability to freely participate in public discussion about matters of public interest, without fear of retribution, is fundamental to a fair and democratic society.

NOW THEREFORE BE IT HEREBY RESOLVED THAT the Town of Aurora express its support for Bill 52 which should help protect and encourage freedom of expression on matters of the public interest and discourage the use of the courts in ways that unduly limit that freedom; and

BE IT FURTHER RESOLVED THAT the Mayor be requested to write a letter and forward this resolution to the Honourable Kathleen Wynne, Premier of Ontario, Chris Ballard, MPP for Newmarket-Aurora, and to the Association of Municipalities of Ontario (AMO); and
BE IT FURTHER RESOLVED THAT the Clerk be requested to circulate this resolution to all other municipalities in Ontario to request endorsement of this resolution be sent directly to the Government of Ontario.

The above is for your consideration and any attention deemed necessary.

Yours sincerely,

[Signature]

Re: Woodstock Accessibility Advisory Committee – Canada Post Community Box Initiative

At the regular council meeting held on, Thursday March 5, 2015 the following resolution was passed.

"Whereas, Canada Post has proposed a plan to end residential home delivery in Canada; and
Whereas, The lack of home delivery will disadvantage many seniors and people with mobility problems and will be compounded during inclement weather;
Now therefore be it Resolved, That the City of Woodstock does not support the proposed plan to eliminate residential home to home delivery and herein petition Canada Post to reconsider this plan immediately and retain this valuable service for communities;
And further that a copy of this resolution be forwarded to the Association of Municipalities of Ontario (AMO), Federation of Canadian Municipalities (FCM), municipalities in Ontario, as well as to our local MP, MPP and representatives of Canada Post and its unions to encourage others to speak up against this plan."

Yours truly,

Amelia Humphries
Clerk

Dear Potential Supporter:

Hello from the Huron Perth Agriculture and Water Festival Steering Committee! This year we hope we can count on your financial support for presenting the **2015 Huron Perth Agriculture and Water Festival (HPAWF)**. The 2015 HPAWF will be held on Wednesday April 8th and Thursday April 9th 2015.

The annual HPAWF is a fun filled and educational event that will serve approximately **600 Grade 4 students from Huron and Perth County**. This festival provides students with an interactive and engaging atmosphere for hands-on learning about agriculture and water conservation. Students learn about the important role of agriculture and water within their everyday lives, as well as their individual role in our local environment.

The HPAWF is organized and facilitated by local Agricultural Producer Groups, local Government Agencies and local School Boards. An extensive volunteer base of **over 50 community members**, facilitate and present this event, making the festival possible!

Each attending teacher has access to informative resources that enhance student learning done at the festival. An incentive for early registration is the opportunity to win $200 towards classroom supplies. This event is made affordable to all groups; the HPAWF has no entrance fee, as well as all attending schools receive a bus subsidy to help with the cost of transportation. Each school pays only $50 for transportation to the festival, wherever their location in Huron and Perth County. **The cost of presenting the festival is approximately $13,000 annually.**

For the convenience of our supporters, we have put together a sponsorship programme with five levels:

- **Community Level Donation** Less than $100
- **Bronze Level Donation** $100 - $249
- **Silver Level Donation** $250 - $499
- **Gold Level Donation** $500 - $999
- **Platinum Level Donation** $1000 or more!

Contributing sponsors will be recognized on signage at the event, in multiple media releases, on the HPAWF website, and with a Thank You for the much appreciated support. All sponsors will be invited to attend a special VIP tour and luncheon on Thursday April 9th 2015 to witness the excitement and learning that takes place at the HPAWF!

- When making your donation, please send cheque payable to: Huron Perth Agriculture and Water Festival
- Mail to: Carolyn Van Dorp (Secretary/Treasurer), 80371 Kinburn Line, RR#2, Seaforth, Ontario, N0K 1W0

If you have any questions regarding the festival, or making a donation, please feel free to contact Anne McBride, the Huron Perth Agriculture and Water Festival Coordinator. Anne can be contacted at: huronperthfestival@gmail.com, or at 519-525-5575.

Thank you in advance for your generous support of the Huron Perth Agriculture and Water Festival. Supporters like you make this engaging, hands-on, and effective educational experience possible for our Grade 4's! **Any donation is greatly appreciated;** bringing us one step closer towards making the next Huron Perth Agriculture and Water Festival a success.

Sincerely,

The Huron Perth Agriculture and Water Festival Steering Committee
TO: All Local Clerks and CAO's

DATE: February 18, 2015

CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

BY-LAW NO. 5-2014

BEING A BY-LAW TO ADOPT A REMUNERATION POLICY
FOR THE MUNICIPAL COUNCILLORS
AND MEMBERS OF LOCAL BOARDS

WHEREAS, Section 283 (1) of the Municipal Act, S. O. 2001, c. 25, states
“..... A municipality may pay any part of the remuneration and expenses of the members of any
local board of the municipality and of the officers and employees of the local board”;

WHEREAS, Section 283 (2) of the Municipal Act, S.O. 2001, c. 25 states “Despite any
Act, a municipality may only pay the expenses of the members of its council or of a local board
of the municipality and of the officers and employees of the municipality or local board if the
expenses are of those persons in their capacity as members, officers or employees and if
a) the expenses are actually incurred; or
b) the expenses are, in lieu of the expenses actually incurred, a reasonable estimate, in the
opinion of the council or local board, of the actual expense that would be incurred”;

AND WHEREAS, the Council is desirous to amend the Meal Expense Policy for the
Members of Council and Members of Local Boards;

Therefore, the Council of the Municipality of Morris-Turnberry hereby enacts as
follows:

1/ That the Council Remuneration Policy be and is hereby adopted as attached hereto, being
known as Schedule ‘A’;

2/ That the Mayor and Clerk are hereby empowered to sign and execute all documents necessary
to empower this by-law;

3/ That this by-law comes into force on the final passing thereof and supercedes all former by-
laws enacted the Authority of this Act.

Read a first, second, third and final time this 14th day of January, 2014

Mayor – Paul Gowing

Clerk-Nancy Mitchie
‘Schedule A’ of By-law No. 5-2014
COUNCIL & LOCAL BOARD MEMBER REMUNERATION POLICY

To be effective January 1, 2014

1. Honorarium: 2014 rate 2013 rate 1% increase
   Mayor: $8,300.05 $8,217.87
   Deputy Mayor: $5,335.75 $5,282.92
   Councillor: $4,137.79 $4,096.82

1. Honorarium may be reduced if excessive meetings are missed.
2. Excessive meetings missed will be three (3) Council meetings – Special meetings will not be considered.
3. Illness will be given special consideration.

2. Meeting Allowance:
This section applies to Council members and Members of Local Boards. Meeting allowance will be paid for council meetings and meetings attended which are approved by Council.

For daytime meetings, other than council meetings, the meeting time commences when the council member leaves their residence and ends on their return to their residence.

Any meeting less than 2 hours $71.14
Any meeting from 2-4 hours $118.56
Any meeting greater than 4 hours $177.84

Meeting remuneration will be reconciled for Council and local board members if the member is paid by the board.

ie: In a case where members are paid $40.00 by a local board to attend a meeting, the remuneration will be topped up by $76.21 per 2-4 hour meeting. Therefore, the Municipality of Morris-Tumberry will pay a top up to the meeting rate, for those Members if they receive $40.00 from a local board.

3. Mileage Policy:
A travel allowance be paid on per Kilometer basis equal to the official non-taxable Canada Customs & revenue Agency rate for kilometers below 5,000 in a year.

   The rate for 2014 is $.54 per kilometer
   And over 5000 km at the rate of $.48

Mileage will be paid to any Council Member attending a meeting over 25 km from where the member resides; mileage will be paid for travel to the meeting and on return home from the meeting.

4. Meal Expense:
A meal expense may be submitted for any Council Member who attends an all day meeting.

   Lunch – at the rate of up to $16.62 and
   Dinner – at the rate of up to $27.71
   Receipts are required for meal expense – only

5. Convention Policy:
The Municipality will support only (1) one convention per year, to be attended by the Council, with remuneration to be paid as follows:

For Council Members – only:

Per Diem rate of $177.84 per day
Meal allowance of $88.92 per day
For Council members-

1/ Conference expense allowance of $1,587.23 as allowance permits, which includes:
   • Registration
   • Room expenses
   • 1 banquet ticket
   •

2/ Other allowable expenses are:
   2014
   • per diem rate of $177.84
   • meal allowance of $88.92
   • travel expenses

3/ Spousal expenses:
   • banquet tickets for the spouse will be initially paid by the municipality and reimbursed to the Municipality by the member
   • spousal registration will be initially paid by the municipality and reimbursed by the member

6. Pay Period
The Council will be paid on a monthly basis with pay sheets due by the last Wednesday of the month.

7. Internet Service and Paper Supplies:
Each Council Member will be paid $20.41 per month to offset costs for Internet Service.

THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

BY-LAW NUMBER 18-2015

A BY-LAW TO PROVIDE FOR INTERIM TAX LEVIES FOR THE YEAR 2015 FOR THE MUNICIPALITY OF MORRIS-TURNBERRY

WHEREAS section 342 (1)(a) of the Municipal Act, 2001, S.O. 2001, c.25, provides that (1) A local municipality may pass by-laws providing for (a) the payment of taxes in one amount or by instalments and the date or dates in the year for which the taxes are imposed on which the taxes are imposed on which the taxes or instalments are due;

AND WHEREAS Section 317 (1) (3) Interim levy, local municipality – 1. The amount levied on a property shall not exceed the prescribed percentage or 50 per cent if no percentage is prescribed, of the total amount of taxes for municipal and school purposes levied on the property for the previous year.

AND WHEREAS, Council of this municipality deems it appropriate to provide for such interim levy on the assessment of property in this municipality;

THEREFORE, the Council of the Municipality of Morris-Turnberry enacts as follows:

1. The amounts levied shall be as follows:

   1.1 For the Residential, Pipelines, Farmland and Managed Forest property classes there shall be imposed and collected an interim levy of:

      (a) 45% of the total taxes for municipal and school purposes levied on in the year 2014;

   1.2 For the Multi-Residential, Commercial and Industrial property classes there shall be imposed and collected an interim levy of:

      (b) 45% of the total taxes for municipal and school purposes levied on in the year 2014;

2. For the purposes of calculating the total amount of taxes for the year 2015 under paragraph 1, if any taxes for municipal and school purposes were levied on a property for only part of 2014 because assessment was added to the collector’s roll during 2014 an amount shall be added equal to the additional taxes that would have been levied on the property if taxes for municipal and school purposes had been levied for the entire year;

3. The provisions of this by-law apply in the event that assessment is added for the year 2014 to the collector’s roll after the date this by-law is passed and an interim levy shall be imposed and collected;

4. All taxes levied under this by-law shall be payable into the hands of the Collector in accordance with the provisions of this by-law;

5. There shall be imposed on all taxes, a penalty for non-payment or late payment of taxes in default of the installment dates set out below. The penalty shall be one and one-quarter percent (1 1/4 %) of the amount in default on the first day of default and on the first day of each calendar month during which the default continues, but not after the end of 2015;
6. The interim tax levy imposed by this by-law shall be paid in two instalments due on the following dates:

6.1 One-half (1/2) thereof on the 30th day of April, 2015;
6.2 One-half (1/2) thereof on the 25th day of June, 2015;

7. The Collector may mail or cause to be mailed to the address of the residence or place of business of each person taxed under this by-law, a notice specifying the amount of taxes payable;

8. The notice to be mailed under this by-law shall contain the particulars provided for in this by-law and the information required to be entered in the Collector’s roll under section 340 (2) of the Municipal Act;

9. The subsequent levy for the year 2015 to be made under the Municipal Act shall be reduced by the amount to be raised by the levy imposed by this by-law;

10. The Collector shall be authorized to accept part payment from time to time on account of any taxes due, and to give a receipt of such part payment, provided that acceptance of any such part payment shall not affect the collection of any percentage charge imposed and collectable under section 7 of this by-law in respect of non-payment of late payment of any taxes or any installment of taxes;

11. Taxes may be paid:

11.1 In person at the Municipality of Morris-Turnberry Municipal Office as well as the following institutions,
   Canadian Imperial Bank of Commerce
   Toronto-Dominion/Canada Trust
   Bank of Montreal
   Libro Credit Union

11.2 Telephone and Online Banking at the following institutions:
   Canadian Imperial Bank of Commerce
   Toronto-Dominion/Canada Trust
   Bank of Montreal
   Libro Credit Union
   RBC Financial Group

11.3 Pre-authorized debit monthly or on the installment date

12. Nothing in this by-law shall prevent the Collector from proceeding at any time with the collection of any tax, or any part thereof, in accordance with the provisions of the statutes and by-laws governing the collection of taxes;

13. In the event of any conflict between the provisions of this by-law and any other by-law, the provisions of this by-law shall prevail;

14. This by-law shall come into force and take effect on the day of the final passing thereof.

Administrator Clerk-Treasurer,
Nancy Michie
THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

RESOLUTION No. -2015

RESOLVED THAT:

1. This Council approves the form of draft by-law and franchise agreement attached hereto and authorizes the submission thereof to the Ontario Energy Board for approval pursuant to the provisions of Section 9 of The Municipal Franchises Act.

2. This Council requests that the Ontario Energy Board make an Order declaring and directing that the assent of the municipal electors to the attached draft by-law and franchise agreement pertaining to the Corporation of the Municipality of Morris-Turnberry is not necessary pursuant to the provisions of Section 9(4) of the Municipal Franchises Act.

I HEREBY CERTIFY the foregoing to be a true copy of a Resolution passed by the Council of the Corporation of the Municipality of Morris-Turnberry on the 17th day of March, 2015.

Nancy Michie, Administrator Clerk-Treasurer
BY-LAW NUMBER 21-2015

A BY-LAW TO AUTHORIZE A FRANCHISE AGREEMENT BETWEEN
THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY
and
UNION GAS LIMITED

WHEREAS the Council of the Corporation of the Municipality of Morris-Turnberry deems it expedient to enter into the attached franchise agreement (the "Franchise Agreement") with Union Gas Limited;

AND WHEREAS the Ontario Energy Board by its Order issued pursuant to The Municipal Franchises Act on the day of , 20 has approved the terms and conditions upon which and the period for which the franchise provided in the Franchise Agreement is proposed to be granted, and has declared and directed that the assent of the municipal electors in respect of this By-Law is not necessary;

NOW THEREFORE the Council of the Corporation of the Municipality of Morris-Turnberry enacts as follows:

1. THAT the Franchise Agreement between the Corporation of the Municipality of Morris-Turnberry and Union Gas Limited attached hereto and forming part of this by-law, is hereby authorized and the franchise provided for therein is hereby granted.

2. THAT the Mayor and Administrator Clerk-Treasurer be and they are hereby authorized and instructed on behalf of the Corporation of the Municipality of Morris-Turnberry to enter into and execute under its corporate seal and deliver the Franchise Agreement, which is hereby incorporated into and forming part of this By-Law.

3. THAT the following by-laws be and the same are hereby repealed:

By-law #6 of 1995 for the former Corporation of the Township of Turnberry, passed in Council on the 6th day of August, 1996;

4. THAT this by-law shall come into force and take effect as of the final passing thereof.

Read a first time this 17th day of March, 2015.

Read a second time this 17th day of March, 2015.

Read a third time and finally passed this day of , 20__

THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

Paul Gowing, Mayor

Nancy Michie, Administrator Clerk-Treasurer
2000 Model Franchise Agreement

THIS AGREEMENT effective this day of , 20

BETWEEN:

THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

hereinafter called the "Corporation"

- and -

union gas

LIMITED

hereinafter called the "Gas Company"

WHEREAS the Gas Company desires to distribute, store and transmit gas in the Municipality upon the terms and conditions of this Agreement;

AND WHEREAS by by-law passed by the Council of the Corporation (the "By-law"), the duly authorized officers have been authorized and directed to execute this Agreement on behalf of the Corporation;

THEREFORE the Corporation and the Gas Company agree as follows:

Part I - Definitions

1. In this Agreement

(a) "decommissioned" and "decommissions" when used in connection with parts of the gas system, mean any parts of the gas system taken out of active use and purged in accordance with the applicable CSA standards and in no way affects the use of the term 'abandoned' pipeline for the purposes of the Assessment Act;
(b) "Engineer/Road Superintendent" means the most senior individual employed by the Corporation with responsibilities for highways within the Municipality or the person designated by such senior employee or such other person as may from time to time be designated by the Council of the Corporation;

(c) "gas" means natural gas, manufactured gas, synthetic natural gas, liquefied petroleum gas or propane-air gas, or a mixture of any of them, but does not include a liquefied petroleum gas that is distributed by means other than a pipeline;

(d) "gas system" means such mains, plants, pipes, conduits, services, valves, regulators, curb boxes, stations, drips or such other equipment as the Gas Company may require or deem desirable for the distribution, storage and transmission of gas in or through the Municipality;

(e) "highway" means all common and public highways and shall include any bridge, viaduct or structure forming part of a highway, and any public square, road allowance or walkway and shall include not only the travelled portion of such highway, but also ditches, driveways, sidewalks, and sodded areas forming part of the road allowance now or at any time during the term hereof under the jurisdiction of the Corporation;

(f) "Model Franchise Agreement" means the form of agreement which the Ontario Energy Board uses as a standard when considering applications under the Municipal Franchises Act. The Model Franchise Agreement may be changed from time to time by the Ontario Energy Board;

(g) "Municipality" means the territorial limits of the Corporation on the date when this Agreement takes effect, and any territory which may thereafter be brought within the jurisdiction of the Corporation;

(h) "Plan" means the plan described in Paragraph 5 of this Agreement required to be filed by the Gas Company with the Engineer/Road Superintendent prior to commencement of work on the gas system; and

(i) whenever the singular, masculine or feminine is used in this Agreement, it shall be considered as if the plural, feminine or masculine has been used where the context of the Agreement so requires.
Part II - Rights Granted

2. **To provide gas service**

The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Municipality to the Corporation and to the inhabitants of the Municipality.

3. **To Use Highways**

Subject to the terms and conditions of this Agreement the consent of the Corporation is hereby given and granted to the Gas Company to enter upon all highways now or at any time hereafter under the jurisdiction of the Corporation and to lay, construct, maintain, replace, remove, operate and repair a gas system for the distribution, storage and transmission of gas in and through the Municipality.

4. **Duration of Agreement and Renewal Procedures**

   (a) If the Corporation has not previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law.

   or

   (b) If the Corporation has previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law provided that, if during the 20 year term of this Agreement, the Model Franchise Agreement is changed, then on the 7\textsuperscript{th} anniversary and on the 14\textsuperscript{th} anniversary of the date of the passing of the By-law, this Agreement shall be deemed to be amended to incorporate any changes in the Model Franchise Agreement in effect on such anniversary dates. Such deemed amendments shall not apply to alter the 20 year term.

   (c) At any time within two years prior to the expiration of this Agreement, either party may give notice to the other that it desires to enter into negotiations for a renewed franchise upon such terms and conditions as may be agreed upon. Until such renewal has been settled, the terms and conditions of this Agreement shall continue, notwithstanding the expiration of this Agreement. This shall not preclude either party from applying to the Ontario Energy Board for a renewal of the Agreement pursuant to section 10 of the Municipal Franchises Act.
Part III – Conditions

5. Approval of Construction

(a) The Gas Company shall not undertake any excavation, opening or work which will disturb or interfere with the surface of the travelled portion of any highway unless a permit therefore has first been obtained from the Engineer/Road Superintendent and all work done by the Gas Company shall be to his satisfaction.

(b) Prior to the commencement of work on the gas system, or any extensions or changes to it (except service laterals which do not interfere with municipal works in the highway), the Gas Company shall file with the Engineer/Road Superintendent a Plan, satisfactory to the Engineer/Road Superintendent, drawn to scale and of sufficient detail considering the complexity of the specific locations involved, showing the highways in which it proposes to lay its gas system and the particular parts thereof it proposes to occupy.

(c) The Plan filed by the Gas Company shall include geodetic information for a particular location:

(i) where circumstances are complex, in order to facilitate known projects, including projects which are reasonably anticipated by the Engineer/Road Superintendent, or

(ii) when requested, where the Corporation has geodetic information for its own services and all others at the same location.

(d) The Engineer/Road Superintendent may require sections of the gas system to be laid at greater depth than required by the latest CSA standard for gas pipeline systems to facilitate known projects or to correct known highway deficiencies.

(e) Prior to the commencement of work on the gas system, the Engineer/Road Superintendent must approve the location of the work as shown on the Plan filed by the Gas Company, the timing of the work and any terms and conditions relating to the installation of the work.

(f) In addition to the requirements of this Agreement, if the Gas Company proposes to affix any part of the gas system to a bridge, viaduct or other structure, if the Engineer/Road Superintendent approves this proposal, he may require the Gas Company to comply with special conditions or to enter into a separate agreement as a condition of the approval of this part of the construction of the gas system.
(g) Where the gas system may affect a municipal drain, the Gas Company shall also file a copy of the Plan with the Corporation's Drainage Superintendent for purposes of the Drainage Act, or such other person designated by the Corporation as responsible for the drain.

(h) The Gas Company shall not deviate from the approved location for any part of the gas system unless the prior approval of the Engineer/Road Superintendent to do so is received.

(i) The Engineer/Road Superintendent's approval, where required throughout this Paragraph, shall not be unreasonably withheld.

(j) The approval of the Engineer/Road Superintendent is not a representation or warranty as to the state of repair of the highway or the suitability of the highway for the gas system.

6. **As Built Drawings**

The Gas Company shall, within six months of completing the installation of any part of the gas system, provide two copies of "as built" drawings to the Engineer/Road Superintendent. These drawings must be sufficient to accurately establish the location, depth (measurement between the top of the gas system and the ground surface at the time of installation) and distance of the gas system. The "as built" drawings shall be of the same quality as the Plan and, if the approved pre-construction plan included elevations that were geodetically referenced, the "as built" drawings shall similarly include elevations that are geodetically referenced. Upon the request of the Engineer/Road Superintendent, the Gas Company shall provide one copy of the drawings in an electronic format and one copy as a hard copy drawing.

7. **Emergencies**

In the event of an emergency involving the gas system, the Gas Company shall proceed with the work required to deal with the emergency, and in any instance where prior approval of the Engineer/Road Superintendent is normally required for the work, the Gas Company shall use its best efforts to immediately notify the Engineer/Road Superintendent of the location and nature of the emergency and the work being done and, if it deems appropriate, notify the police force, fire or other emergency services having jurisdiction. The Gas Company shall provide the Engineer/Road Superintendent with at least one 24 hour emergency contact for the Gas Company and shall ensure the contacts are current.
8. **Restoration**

The Gas Company shall well and sufficiently restore, to the reasonable satisfaction of the Engineer/Road Superintendent, all highways, municipal works or improvements which it may excavate or interfere with in the course of laying, constructing, repairing or removing its gas system, and shall make good any settling or subsidence thereafter caused by such excavation or interference. If the Gas Company fails at any time to do any work required by this Paragraph within a reasonable period of time, the Corporation may do or cause such work to be done and the Gas Company shall, on demand, pay the Corporation's reasonably incurred costs, as certified by the Engineer/Road Superintendent.

9. **Indemnification**

The Gas Company shall, at all times, indemnify and save harmless the Corporation from and against all claims, including costs related thereto, for all damages or injuries including death to any person or persons and for damage to any property, arising out of the Gas Company operating, constructing, and maintaining its gas system in the Municipality, or utilizing its gas system for the carriage of gas owned by others. Provided that the Gas Company shall not be required to indemnify or save harmless the Corporation from and against claims, including costs related thereto, which it may incur by reason of damages or injuries including death to any person or persons and for damage to any property, resulting from the negligence or wrongful act of the Corporation, its servants, agents or employees.

10. **Insurance**

(a) The Gas Company shall maintain Comprehensive General Liability Insurance in sufficient amount and description as shall protect the Gas Company and the Corporation from claims for which the Gas Company is obliged to indemnify the Corporation under Paragraph 9. The insurance policy shall identify the Corporation as an additional named insured, but only with respect to the operation of the named insured (the Gas Company). The insurance policy shall not lapse or be cancelled without sixty (60) days' prior written notice to the Corporation by the Gas Company.

(b) The issuance of an insurance policy as provided in this Paragraph shall not be construed as relieving the Gas Company of liability not covered by such insurance or in excess of the policy limits of such insurance.

(c) Upon request by the Corporation, the Gas Company shall confirm that premiums for such insurance have been paid and that such insurance is in full force and effect.
11. **Alternative Easement**

The Corporation agrees, in the event of the proposed sale or closing of any highway or any part of a highway where there is a gas line in existence, to give the Gas Company reasonable notice of such proposed sale or closing and, if it is feasible, to provide the Gas Company with easements over that part of the highway proposed to be sold or closed sufficient to allow the Gas Company to preserve any part of the gas system in its then existing location. In the event that such easements cannot be provided, the Corporation and the Gas Company shall share the cost of relocating or altering the gas system to facilitate continuity of gas service, as provided for in Paragraph 12 of this Agreement.

12. **Pipeline Relocation**

(a) If in the course of constructing, reconstructing, changing, altering or improving any highway or any municipal works, the Corporation deems that it is necessary to take up, remove or change the location of any part of the gas system, the Gas Company shall, upon notice to do so, remove and/or relocate within a reasonable period of time such part of the gas system to a location approved by the Engineer/Road Superintendent.

(b) Where any part of the gas system relocated in accordance with this Paragraph is located on a bridge, viaduct or structure, the Gas Company shall alter or relocate that part of the gas system at its sole expense.

(c) Where any part of the gas system relocated in accordance with this Paragraph is located other than on a bridge, viaduct or structure, the costs of relocation shall be shared between the Corporation and the Gas Company on the basis of the total relocation costs, excluding the value of any upgrading of the gas system, and deducting any contribution paid to the Gas Company by others in respect to such relocation; and for these purposes, the total relocation costs shall be the aggregate of the following:

(i) the amount paid to Gas Company employees up to and including field supervisors for the hours worked on the project plus the current cost of fringe benefits for these employees,

(ii) the amount paid for rental equipment while in use on the project and an amount, charged at the unit rate, for Gas Company equipment while in use on the project,

(iii) the amount paid by the Gas Company to contractors for work related to the project,
(iv) the cost to the Gas Company for materials used in connection with the project, and

(v) a reasonable amount for project engineering and project administrative costs which shall be 22.5% of the aggregate of the amounts determined in items (i), (ii), (iii) and (iv) above.

(d) The total relocation costs as calculated above shall be paid 35% by the Corporation and 65% by the Gas Company, except where the part of the gas system required to be moved is located in an unassumed road or in an unopened road allowance and the Corporation has not approved its location, in which case the Gas Company shall pay 100% of the relocation costs.

Part IV - Procedural And Other Matters

13. Municipal By-laws of General Application

The Agreement is subject to the provisions of all regulating statutes and all municipal by-laws of general application, except by-laws which have the effect of amending this Agreement.

14. Giving Notice

Notices may be delivered to, sent by facsimile or mailed by prepaid registered post to the Gas Company at its head office or to the authorized officers of the Corporation at its municipal offices, as the case may be.

15. Disposition of Gas System

(a) If the Gas Company decommissions part of its gas system affixed to a bridge, viaduct or structure, the Gas Company shall, at its sole expense, remove the part of its gas system affixed to the bridge, viaduct or structure.

(b) If the Gas Company decommissions any other part of its gas system, it shall have the right, but is not required, to remove that part of its gas system. It may exercise its right to remove the decommissioned parts of its gas system by giving notice of its intention to do so by filing a Plan as required by Paragraph 5 of this Agreement for approval by the Engineer/Road Superintendent. If the Gas Company does not remove the part of the gas system it has decommissioned and the Corporation requires the removal of all or any part of the decommissioned gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in any highway, the Corporation may remove and dispose of so much of the decommissioned gas system as the Corporation may require for such purposes and neither party shall have recourse against the other for any
loss, cost, expense or damage occasioned thereby. If the Gas Company has
not removed the part of the gas system it has decommissioned and the
Corporation requires the removal of all or any part of the decommissioned
gas system for the purpose of altering or improving a highway or in order to
facilitate the construction of utility or other works in a highway, the Gas
Company may elect to relocate the decommissioned gas system and in that
event Paragraph 12 applies to the cost of relocation.

16. **Use of Decommissioned Gas System**

(a) The Gas Company shall provide promptly to the Corporation, to the extent
such information is known:

(i) the names and addresses of all third parties who use
decommissioned parts of the gas system for purposes other than the
transmission or distribution of gas; and

(ii) the location of all proposed and existing decommissioned parts of
the gas system used for purposes other than the transmission or
distribution of gas.

(b) The Gas Company may allow a third party to use a decommissioned part of
the gas system for purposes other than the transmission or distribution of gas
and may charge a fee for that third party use, provided

(i) the third party has entered into a municipal access agreement with
the Corporation; and

(ii) the Gas Company does not charge a fee for the third party's right of
access to the highways.

(c) Decommissioned parts of the gas system used for purposes other than the
transmission or distribution of gas are not subject to the provisions of this
Agreement. For decommissioned parts of the gas system used for purposes
other than the transmission and distribution of gas, issues such as relocation
costs will be governed by the relevant municipal access agreement.

17. **Franchise Handbook**

The Parties acknowledge that operating decisions sometimes require a greater level
of detail than that which is appropriately included in this Agreement. The Parties
agree to look for guidance on such matters to the Franchise Handbook prepared by
the Association of Municipalities of Ontario and the gas utility companies, as may
be amended from time to time.
18. **Other Conditions**

Notwithstanding the cost sharing arrangements described in Paragraph 12, if any part of the gas system altered or relocated in accordance with Paragraph 12 was constructed or installed prior to January 1, 1981, the Gas Company shall alter or relocate, at its sole expense, such part of the gas system at the point specified, to a location satisfactory to the Engineer/Road Superintendent.

19. **Agreement Binding Parties**

This Agreement shall extend to, benefit and bind the parties thereto, their successors and assigns, respectively.

IN WITNESS WHEREOF the parties have executed this Agreement effective from the date written above.

**THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY**

Blue Box Arbitration Decision - Analysis and Next Steps

As reported earlier, the Blue Box Arbitration decision concluded that the 2014 Steward Obligation is $115,172,322. The 2014 interim payments are at a current value of $99.5 million. This means that an estimated $15.6 million is to be paid additionally to those municipalities and First Nations who operated Blue Box programs in 2014.

The Arbitrator, the Honourable Robert Armstrong Q.C., provided a thorough and thoughtful decision which will be instructive for the municipal sector, the producer community, the Province, and others to understand going forward.

Key conclusions contained in the Arbitrator’s decision include:

1) The obligation that Stewardship Ontario pay 50% of the total net costs incurred by the municipalities as a result of the program is limited by the requirement that such costs be reasonable.

2) The Arbitrator was satisfied that the Datacall and its verification process passed the test of reasonableness.

3) He did not reject the principles of cost containment and the objective of attempting to pursue best practices as a means of containing costs. The question of how these principles will be used in future years was left to the parties.

4) Although the Arbitrator determined that he did not have the jurisdiction to rule on whether there is statutory authority for in-kind payments by the newspaper stewards, he did say that in his view the system of in-kind payments by the newspapers is extremely unfair to the municipalities.

5) He agreed that 50% of the $2.2 million of in-kind advertising used by the municipalities in 2012 should be included in the municipalities’ costs and 50% of it paid as part of the 2014 Steward Obligation.

6) The Arbitrator recommended that the method he adopted for 2014, the use of the Datacall and the WDO verification process, be used in future years subject to a thorough review and discussion at MIPC as to any adjustments that need to be made each year.

7) He found that MIPC (Municipal Industry Programs Committee) had a broad power to make recommendations which were adopted by the WDO Board. He did not agree that municipalities were disadvantaged at MIPC as they were volunteers or did not have access to the same level of support or expertise available as stewards.

Now that the arbitration process is complete, it is our view that its findings will be helpful to all parties given the Ontario government’s commitment to bring in new waste reduction legislation with full producer responsibility. The Honourable Glen Murray, Minister of Environment and Climate Change, said that the new legislation is expected in 2015 and has signalled that they are looking to the producers and municipalities to develop workable solutions themselves as input to the legislation.
From 3R’s to Circular Economy

In the past twenty years, the emphasis of the waste and resource management sector has moved from landfill to recycling, and there is now a growing and increasingly powerful argument that the Circular Economy will increasingly dominate over the next decades. This will involve substantial changes to the culture, principles and practice of the current waste and resources sector and bring new challenges and opportunities. It is a framework that extends well beyond the traditional boundaries of the Association’s sphere. The Association is at the heart of the waste and resources sector and it is vital that it understands the concepts and implications of the circular economy in order to maintain and enhance its leadership role in serving the interests of its members.

Recognising this, the Association will continue to gain insight into the understanding of and preparedness for the circular economy, both across the membership and the wider waste and resources industry. We will communicate our findings when appropriate about this external development.

Europe Creates Millions Of 'Green' Jobs

Europe: Over the last decade, between 3 million and 4.2 million jobs have been created within Europe's eco-industries as a result of the transition to a resource-efficient circular economy.

Case studies across a wide range of sectors have revealed a shortage of employees with 'green' skills: for example, skilled engineers to optimise the environmental performance of buildings or the environmental impact of mining are in great demand. The same applies to specialisations in: electronic equipment management processes; eco-design for energy and resource savings in the construction sector; substitution of hazardous chemicals; and innovative recycling concepts.

European eco-innovation fora are aimed at developing recommendations for policymakers. The circular economy model will generate jobs only if we redefine the way we think, produce and consume to create a positive environmental footprint with our activities.

Experts highlight the need for policy action and appropriate legislation and reform in order to drive change. Results-oriented policy-making that transforms product manufacturing through binding legislation accompanied by tax reform is widely perceived as conducive to circular economy-based models that will create employment.

Karmenu Vella, EU commissioner for environment, maritime affairs and fisheries, stated: 'Rather than just balanced, the three pillars of sustainability - economic, environmental and societal - need to be integrated with each other.' The EU still imports 60% of its raw materials. 'New economic and business models built around resource efficiency, eco-design and recycling are the way to go. Therefore, we ought to praise the good examples while also accompanying the transition for the businesses that are still following a linear model.'
New York City has banned single-use expanded polystyrene (EPS) foam items and packaging, starting July 1.

The city Department of Sanitation (DSNY) determined that EPS foam cannot be recycled. When the ban takes effect manufacturers and stores may not sell or provide single-use foam items such as cups, plates, trays or clamshell containers in the city. The city also is banning the sale of polystyrene loose-fill packaging such as packing peanuts, according to a city news release.

The DSNY consulted with corporations, including Dart Container Corp., non-profits, vendors and other stakeholders. The DSNY also concluded from the research that there is no market for post-consumer EPS in a curbside recycling program.

The city passed a law in December 2013 that called for the sanitation commissioner to determine whether EPS single-serve articles can be recycled at the city’s designated recycling facility. If the department determined that polystyrene can’t be recycled, it must be banned.

The law allows businesses a six-month grace period from when the law goes into effect to when fines can be imposed. In the first year of the ban, businesses will be given a warning rather than a fine. Some smaller businesses may apply for hardship exemptions.

FPI Announces Foam Recycling Equipment Grants

A new grant program will help U.S. and Canadian organizations purchase the equipment needed to process and prepare expanded polystyrene for recycling.

The Foam Recycling Coalition has launched the new grant program, which will pay for equipment needed to process post-consumer expanded polystyrene (EPS) food service packaging, egg cartons, meat trays and protective packaging used for shipping fragile items. Formed in 2014, the Foam Recycling Coalition is part of the Foodservice Packaging Institute (FPI).
Plastics-Laden Contamination Concerns

Don't fear the evolving waste stream – but be judicious about what new packaging you allow in your recycling program. The recycling industry should focus more on clean material and less on constantly increasing tonnages.

Recycling firms are trying to adapt to the "evolving tonne" coming into material recovery facilities as paper use reduces and the plastics packaging space moves forward at light speed.

Many industry players have in recent years begun to worry about the rise of flexible film packaging (of which some types are called pouches), those pouches are not easily recyclable because they are constructed using layers of different types of resins and materials.

However, packaging soup in a flexible film package instead of a steel can would decrease packaging weight from 312.4 grams to 28.4 grams. The carbon emissions associated with the film packaging are roughly one-tenth of those of the steel can option – much of those carbon savings are a result of the fact that pouches simply use less material to begin with.

If more hard-to-recycle packaging is replacing staple MRF materials like metal and paper, how will the industry continue to move forward? Every tonne of contaminants costs the company $140 in disposal fees and lost revenue.

Some believe that keeping plastic bags out of recycling carts, and advocate systems to have them returned to retail locations instead would improve the situation.

We clean screens six to eight times a day to cut plastic bags out of sorting equipment. From our perspective, not much good comes from film plastic coming to our MRFs. But there are robust markets for that material if it's clean and dry.

Waste Management is working to push ahead its "Recycle Often, Recycle Right" campaign that aims to deliver three basic messages to consumers: Recycle all empty bottles, cans and paper; keep foods and liquids out; and recycle plastic bags at retail locations.

UK: Scientists Turn Old Toothpaste Tubes Into Fuel

Nestlé, Kraft Foods and Mondelez International are part-funding a new commercial-scale recycling plant that can turn old toothpaste tubes into aluminium and fuel in just three minutes.

Previously, this type of plastic-aluminium laminate waste - also used in drink pouches and pet-food packaging - was consigned to landfill, meaning around 16,000 tonnes of aluminium was squandered each year in the UK alone.

But researchers at the University of Cambridge have been exploring how laminate packaging would react to intense heating - known as microwave-induced pyrolysis.
Fewer Waxed Boxes Means Boost For OCC Stream

The use of wax coatings on corrugated containers continues to decline, bringing added smiles to paper recovery firms.

The Corrugated Packaging Alliance reports waxed coating usage dropped below 3 percent of total corrugated paperboard consumption in the U.S. in 2013. This is approximately half the usage of wax coatings of a decade ago. Wax coatings preserve the strength of boxes when used for wet or iced applications, such as shipping fruit, vegetables, seafood, poultry and meat.

To date, some 47 different alternative coating applications have passed certification testing as to their repulpability and recyclability.

Promoting Safety

Fatalities have risen in the waste and recycling industry—totaling 33 in 2013, up from 26 in 2012—moving the industry to the fifth most dangerous profession in 2013 from sixth place in 2012, according to a new government report.

And recent weeks have brought no better news, as a series of fatalities and serious injuries has taken place across the industry. As a result, safety leaders from the Institute of Scrap Recycling Industries (ISRI) declared October 15 to be a Safety Stand-Down Day. They asked that all member facilities to spend at least one hour per shift focused on safety education.

As part of the motivation, ISRI leaders wrote, “Since early August, we have suffered at least 11 fatalities and multiple critical injuries at facilities owned by, or associated with, ISRI members and at some non-ISRI member-owned facilities. This is a disturbing trend that must be stopped. Each of these terrible tragedies happened at companies that are owned and managed by good people who run fine companies. If tragedy can strike there, it can strike anywhere.”

In addition to the incidents taking place at facilities, collectors and drivers are facing dangerous working conditions. On that front, the National Waste & Recycling Association (NW&RA) has made it a priority to push for “Slow Down to Get Around” legislation across the country. It’s also implementing the Safe Driver Certification program and publishing the Manual of Recommended Safety Practices for the Waste & Recycling Industry.

On the legislative front, West Virginia signed a bill into law in this May. That came just more than a year after Jeremy Tabler, an Apple Valley Waste driver, was killed when he was struck by a motorist on a two-lane West Virginia road. Other states that have enacted legislation include Alabama, Florida and Wisconsin.

At the NW&RA’s urging, to help shine a light on the issue and, hopefully, get laws passed in other states, a bill-signing ceremony took place in West Virginia in August, with more than 30 people present, including many waste industry employees as well as Tabler’s wife and two daughters. Governor Earl Ray Tomblin and State Senator Donald Cookman, the bill’s sponsor, both spoke about the importance of the legislation.
**Slow Down Move Over Regulation Protects Roadside Workers**

The B.C. government is making a Motor Vehicle Act regulation change to simplify the Slow Down Move Over rule, making it safer for roadside workers.

Currently, the Slow Down Move Over regulation requires drivers to reduce speed and, if on a multi-lane road, move over to another lane when passing stopped vehicles with a flashing light, which are considered “official vehicles”. These include: police, fire, ambulance, tow trucks, Commercial Vehicle Safety Enforcement vehicles, park rangers and conservation officers.

Stakeholders, including the BC Road Builders and Heavy Construction Association, raised concerns that the current regulation does not protect all roadside workers. For example, maintenance workers are frequently required to stop on the side of the road for inspections or highway maintenance. These workers are subject to an equal or higher risk than many of the workers covered under the current regulations.

The new regulatory amendment will simplify the Slow Down Move Over requirement so that it includes all vehicles displaying a flashing red, blue or yellow light. This will make it easier for drivers to know the rules of the road, as they will no longer have to check to see if the flashing light is on an “official vehicle”.

The amendment will improve safety for all roadside workers, including highway maintenance workers, utility workers, land surveyors, animal control workers and garbage collectors, reducing the risk of them being struck by passing vehicles. The amendment will come into force on Jan. 1, 2015.

Drivers must slow their speed to 70km/h when in an 80km/h or over zone, and 40km/h when in an under 80km/h zone. If travelling on a multi-lane road, the driver must move into another lane to pass where safe to do so. Failing to adjust your speed appropriately or failing to move over can result in a $173 ticket and three penalty points.

**NDP Demands Audit Of Multi-Material BC**

The NDP Opposition called for an independent review of the reformed blue box recycling system now overseen by Multi-Material BC, arguing the stewardship agency is unaccountable and creating chaos among existing recyclers.

Deputy environment critic Gary Holman pointed to Syntal Products, a Saanich plastics recycling plant that shut down in September after MMBC partnered with other processors and left the company with insufficient feedstock.

Holman said non-profit recycling depots on the Gulf Islands are now facing closure and 25 layoffs because the funding they get from MMBC covers less than a third of the real operating costs.

MMBC launched in May to meet the provincial mandate that firms that distribute packaging waste and paper pay the costs of recycling it.

The industry stewardship group is now directly or indirectly in charge of curbside recycling in most of B.C. but continues to face strong local criticism.
Coca-Cola To Close Recycling Division

Coca-Cola Co., Atlanta, has announced plans to close down its recycling division, and will work more closely with its suppliers to provide the company with the recyclable material, including PET (polyethylene terephthalate) plastics, for its packaging products.

The beverage giant established Coca-Cola Recycling in 2007.

Coca-Cola says it remains committed to using recyclables in its packaging as well as advancing recycling. To highlight the fact, the company notes that “about 44 percent of the equivalent bottles and cans we place in the market in North America are recovered through various programs nationally.”

Coca-Cola is restructuring how it procures recyclable materials and will focus on developing its sources of supply.

The company will continue to work with its suppliers, customers and the industry to increase recycled content in its packaging.

Waste Management Details Recycling Difficulties

With paper generation and commodity prices down, the nation's largest waste and recycling company is finding it hard to make its recycling business make financial sense.

That's the main takeaway from Waste Management's 2014 Sustainability Report, which provides an unfettered look at the challenges facing part of the publicly traded firm's business that relates to recycling.

Recycling accounted for 17 percent of the company's revenues in 2013.

While WM processed 15 million tons of recyclables during the year – up about 16 percent from the 12.9 million tons processed in 2012 – the firm continued to see the material stream evolve. According to the report, WM's MRFs were designed to see 80 percent paper, but in today's climate, they're actually taking in closer to 60 percent fiber.

All told, 8.9 million tons of paper were processed by WM in 2013, with a third of that total coming from cardboard and a quarter coming from newspaper. Paper accounted for about 59 percent of the material processed by the company.

Plastics accounted for just 3 percent of WM's processing tonnages, coming in at just about 432,000 tons.

Organics processing totals are included in the company's recycling totals, and in 2013 WM handled 2.5 million tons in that arena. Composting and anaerobic digestion are both mentioned in the report, but the company does not specify how much material went to each of those systems.

The general increase in recycling nationwide is helping WM close in on meeting its 2020 goal of recovering 20 million tons of material per year, but higher tonnages have been accompanied by higher contamination rates. The report states WM's 133 MRFs had an average 16 percent contamination rate in 2013, with plastic bags requiring crews to "stop our machinery six to eight times a day to cut them out – a waste of time and money."
Michigan Thinks Burning Tires Counts As Renewable Energy

A Michigan bill aims to classify fuel made by burning tires and hazardous industrial waste as renewable energy, but environmentalists say that's setting a dangerous precedent.

Under the state's Clean, Renewable and Efficient Energy Act of 2008, Michigan utility companies are required to derive 10 percent of their energy from sources like wind and solar power by 2015; the new House Bill 5205 would make it easier for them to hit the target by expanding the definition of renewable energy to include types of solid waste.

But environmental groups have soundly rejected the idea that incinerating hazardous waste should count as a renewable fuel source, saying it would be a step in the wrong direction for the state's energy policy.

The bill could divert investments in "real" renewable energy sources if companies find it's cheaper or easier to meet Michigan's renewable energy standards by burning waste.

In recent years, more than 30 states have put varying renewable energy mandates in place as part of a commitment to reduce reliance on coal and move to cleaner energy sources.

Recycling Industries Coalition Opposes "Dirty MRF" Concept

A newly formed group of recycling organizations and stakeholders is weighing in on the effects of mixed waste processing on recycling.

"Coalition members know that a facility processing waste and recyclables mixed together, known as a dirty MRF, will not improve and may harm recycling," the policy statement from the newly formed Recycling Industries Coalition (RIC) reads. RIC is made up of recycling stakeholders from across the country and initially formed to combat an Indianapolis project centered around a mixed waste processing facility, or dirty MRF.

While that facility was eventually approved by city officials, RIC "continues as a way to educate policy makers, local officials and the community about the potential negative consequences of multi-material processing facilities".

Mixing solid waste and recyclables, will severely degrade them to the point that they will only be usable for incineration, landfilling or energy recovery, which is not recycling.

RIC members include a number of large industry groups and stakeholders, including: American Forest & Paper Association, Glass Packaging Institute, Institute of Scrap Recycling Industries, Knauf Insulation, Newark Group, Owens-Illinois, Inc., Paper Recycling Coalition, the Steel Recycling Institute and Waste Management. The group's position has been supported by the National Recycling Coalition (NRC) as well.

While the mixed waste processing approach is not new, it has seen a resurgence in interest among some U.S. cities looking to boost relatively low recycling rates. Beyond the Indianapolis project, a $35 million mixed waste processing facility for residential waste opened earlier this year in Birmingham, Alabama. Houston has also continued looking into the merits of the "all in one bin" approach. According to equipment maker Bulk Handling Systems, mixed waste processing has evolved significantly and can now effectively separate recyclables from a mixed municipal waste stream.
Dutch Recycler Takes Robotic Sorting To Next Level

Robotic sorting technology supplier ZenRobotics of Finland is to deliver two of its Next Generation ZenRobotics Recycler (ZRR1) units to Baetsen Recycling in the Netherlands. The system replaces the earlier ZRR Fast Picker unit that has been in operation at the Dutch firm's plant since March 2013 and is intended to ramp up the level of automation on the sorting line.

ZenRobotics' managing director Timo Taalas comments: 'These two years of cooperation have taught us a lot. Together we have been able to further develop the ZRR system in a heavy-waste sorting environment. The renewed ZRR is now more durable and rigid, and specifically fine-tuned for handling bulky waste.'

The Next Generation ZenRobotics Recycler is capable of sorting at an average rate of 3000 picks per hour, with a peak of "as much as 4000 picks per hour", claims the developer. Features include a new gripper that can pick even heavier objects of up to 20 kg and that can reach a full 2 metres along the sorting belt.

According to Baetsen's managing director Hans van Roosmalen, robotic sorting can bring 'a considerable business advantage to waste recycling companies that want to be frontrunners in a challenging market'.

The Next Generation ZenRobotics Recyclers are already in operation at the SITA Suomi Oy, waste sorting plant in Helsinki. SITA Suomi Oy is part of SUEZ Environnement.

APR Raises Concerns Over Resin Code Redesign

The Association of Postconsumer Plastic Recyclers has voiced concern about two developments in plastics identification that could have significant recycling implications.

The worries center on ASTM members potentially redrafting the resin code symbol and labeling plastics with degradable additives as "landfill degradable."

In subcommittee D 20.95, ASTM is actively reviewing a redesign of the plastics resin code, which would essentially replace the chasing arrows design with a "solid line triangle." APR's concern lies in the fact that the current conversation does not include the resin codes themselves. APR member input is needed to stress the importance of introducing additional codes and/or officially including new resin formulations in the established Nos. 1-7 system.

"Is PETG a No. 1, or, if not, what?" "For HDPE and PP, we have the same questions."

Meanwhile, ASTM's subcommittee D 20.96 is undertaking a separate discussion surrounding degradable plastics. At present, ASTM is pondering support for a "landfill degradable" symbol on plastic products made with degradable additives. APR is opposed to the measure, noting the group is against degradable additive use altogether until it can be demonstrated additives do not negatively affect the quality of the plastics recycling stream.
Menesetung Bridge Association

2015 NEWSLETTER

TRAIL PROVIDES ACCESS TO PHYSICALLY CHALLENGED

The above shows two visitors from Arva, on the Tiger Dunlop Trail north of the Menesetung Bridge. They regularly use the walkway for rehabilitation, when weather conditions are favourable along with bicycle, hiker and tourist traffic.

Menesetung Bridge Trail work by Huron District Contracting was completed with concrete repairs last spring. Volunteers helped replace damaged timber deck planking and maintained the seasonal flag flying schedule. We help maintain the trail as far as Highway 21, which includes grass cutting, tree planting, and removal of dangerous fallen trees. We contributed to the development of the “Ooh Ahh” lookout on the trail at the Meneset entrance with the planting of maple and white pine trees in the arboretum.

Milkweed for Monarch’s Campaign

We were pleased to see more Monarch butterflies this year, after the species had reached historical lows the summer before. Together with the Goderich Horticultural Society and the Town, we have been encouraging people to protect milkweed when possible at sites unlikely to interfere with agriculture, and plant milkweed in their gardens. A Monarch specific site has been developed in Harbour Park over the past year. Many more people have become aware of the plight of the butterfly, with major groups such as the World Wildlife Federation and the David Suzuki Foundation getting involved in their comeback from the brink of extirpation.

---

Menesetung Bridge Association Membership/Donation Slip

See Reverse Side For Details
The above is volunteer Grant Dawson on the west abutment of the missing Blyth Brook bridge that has to be replaced east of Auburn.

A partnership has formed with the goal at developing the trail, and eventually leasing from the province the entire length. Currently, the Menesetung Bridge Association leases the Tiger Dunlop Trail and the Maitland Trail Association with the Colborne Snowmobile Club lease the GART (Goderich-Auburn Rail Trail). We are working with the G2G committee to find ways to connect the trail to Blyth (such as replacing this bridge at Blyth Brook), using Balls Bridge to bypass the missing one at Auburn and the safe crossing of the trail at Huron Road #25.

Our Annual General Meeting is scheduled for:
**Wednesday, May 20, 2015 at 7:30 p.m.** at C.P.R. Station Inn.
Come out to review our progress and future plans.

Visit Menesetung Bridge Association Website
www.menesetungbridgeassociation.org

Email: If you would like to receive updates about Menesetung Bridge activities, meetings and events, please include your email address with the membership/donation form.

Thank you for continuing support from the Board of Directors.
News Release: NWMO Concludes Studies in Creighton, Saskatchewan and Schreiber, Ontario

Mar 3, 2015

TORONTO, March 3, 2015 – The Nuclear Waste Management Organization (NWMO) is concluding preliminary assessment work in two communities engaged in learning about Adaptive Phased Management (APM), Canada’s plan for the long-term management of used nuclear fuel.

New geological studies in the vicinity of Creighton, Saskatchewan and Schreiber, Ontario revealed that areas assessed near both communities have geological complexities that reduce the likelihood of finding a suitable site for either area to safely host a used nuclear fuel repository.

"We have collected and interpreted new data using high-resolution airborne geophysical surveys and geological field mapping, which provided a deeper understanding of the geology in these areas," said Dr. Mahrez Ben Belfadhel, Director of Geoscientific Site Evaluations at the NWMO. "These latest studies show there is limited potential in the areas of Creighton or Schreiber to find a repository site that would meet the safety requirements of the project."

Preliminary Assessments are the third of nine steps in a multi-year process for evaluating potential suitability of communities to host a deep geological repository and an associated Centre of Expertise. Studies and engagement associated with this step are ongoing in areas in or near nine Ontario communities: Blind River, Central Huron, Elliot Lake, Hornepayne, Huron-Kinloss, Ignace, Manitouwadge, South Bruce and White River.

"The NWMO is grateful for the opportunity to work and learn with the people of Creighton and Schreiber," said Kathryn Shaver, Vice President of APM Engagement and Site Selection. "These communities should be proud of all they’ve done to help advance this important national infrastructure project."

It will take several more years of detailed technical, scientific and social study and assessments, and much more engagement with interested communities, First Nation and Métis communities and their neighbours before a preferred safe site for the project can be confirmed.
About the NWMO

The purpose of the Nuclear Waste Management Organization (NWMO) is to develop and implement, collaboratively with Canadians, a management approach for the long-term care of Canada’s used nuclear fuel that is socially acceptable, technically sound, environmentally responsible and economically feasible. The NWMO was created in 2002 by Canada’s nuclear electricity producers. Ontario Power Generation Inc., NB Power Nuclear and Hydro-Québec are the founding members, and along with Atomic Energy of Canada Limited, fund the NWMO’s operations. The NWMO operates on a not-for-profit basis and derives its mandate from the Federal Nuclear Fuel Waste Act, which came into force in November 2002.

Schreiber dropped from list of potential nuclear waste sites

Nuclear Waste Management Organization says ‘geological complexities’ make area unsuitable

Mar 03, 2015

The Nuclear Waste Management Organization has ruled out the Schreiber area as a potential site for nuclear waste disposal — and the announcement has taken Schreiber Mayor Mark Figliomeni by surprise.

"My initial reaction was I was a bit caught off-guard by the announcement, but certainly was aware that this possibly could be the end result," he told CBC News on Tuesday.

"[I was] certainly shocked but, you know, it's time to move on and let's see where we go from here."

The NWMO announced that new geological studies in the vicinity of Creighton, Sask. and Schreiber, Ont. "revealed that areas assessed near both communities have geological complexities that reduce the likelihood of finding a suitable site for either area to safely host a used nuclear fuel repository."

"We have collected and interpreted new data using high-resolution airborne geophysical surveys
SPECIAL MEETING OF HURON EAST COUNCIL
TO DISCUSS REVISIONS THAT MAY BE REQUIRED
TO THE HURON EAST OFFICIAL PLAN

TAKE NOTICE that the Corporation of the Municipality of Huron East will hold a Special Meeting of Council to discuss revisions that may be required to the Huron East Official Plan. This meeting is a legislated meeting under Section 26(3b) of the Planning Act, RSO, 1990.

SPECIAL MEETING OF COUNCIL will be held:

Tuesday, April 7, 2015 at 7 p.m.
in the Council Chambers of the Huron East Municipal Office,
72 Main Street, Seaforth

BE ADVISED that the Huron East Official Plan came into effect on September 4, 2003 and that under section 26 of the Planning Act, R.S.O. 1990, as amended, the Council of the Municipality who adopted the Official Plan shall revise the Official Plan to ensure that it conforms with provincial plans, has regard to matters of provincial interest, and is consistent with policy statements issued by the province.

ANY PERSON may attend the Special Meeting of Council and/or make written or verbal representation about what revisions may be required.

Dated at the Municipality of Huron East this 25th day of February, 2015.

Brad Knight, CAO/Clerk
Corporation of the Municipality of Huron East
72 Main St. P.O Box 610, Seaforth, ON N0K 1W0

February 25, 2015

Dear Partner in Planning,

Re: Notice of Update to the Huron East Official Plan under Section 26 of the Planning Act

Please be advised that the Municipality of Huron East intends to undertake a review of the Huron East Official Plan.

The Official Plan is a land use planning document that is a statement of where and how building and development should take place in the Municipality. The Plan includes the vision, goals and policy directions for development in Huron East.

The Huron East Official Plan came into effect on September 4, 2003 and that under section 26 of the Planning Act, R.S.O. 1990, as amended, the Council of the Municipality who adopted the Official Plan shall revise the Official Plan to ensure that it conforms with provincial plans, has regard to matters of provincial interest, and is consistent with policy statements issued by the province. The Huron East Official Plan will also be updated to conform with the Huron County Official Plan.

In accordance with Section 26 (3)(a) of the Planning Act, R.S.O 1990, as amended, the purpose of this letter is to advise your organization that Huron East Council intends to update the Official Plan and will be consulting with you throughout the Official Plan Review process.

Please find attached a notice detailing a Special Meeting of Council to consider revisions that may be required to the Huron East Official Plan. Verbal or written comments are welcomed from your organization at, or prior, to this meeting.

Sincerely,

Brad Knight, CAO/Clerk
Corporation of the Municipality of Huron East

Enhancing Green Spaces in Communities

Communities in Bloom

Mise en valeur des espaces verts au sein des collectivités

An Invitation to participate in a program that will showcase, involve and benefit your community

Since 1995, communities have recognized numerous benefits from participating in the program:

**Economic benefits**
- Best practices and information exchange to maximize effectiveness of expenditures
- Valuable information and feedback from the judges
- Marketing and promotional opportunities
- Positive benefits for the tourism, hospitality and retail industries

**Social benefits**
- Increased civic pride, community involvement and improved quality of life
- Mobilization of citizens, groups, businesses and municipality working together
- Participation from all ages and walks of life learning more about their community
- Information exchanges with provincial, national and international communities

**Environmental stewardship through the enhancement of green spaces**
- Improving air quality through tree planting and preservation of green spaces
- Improvements in energy and water conservation
- Awareness of environmental sustainability

The registration form (to be returned by April 30th, 2015) can be completed directly on-line by following this link: [http://www.communitiesinbloom.ca/cib2015](http://www.communitiesinbloom.ca/cib2015)

Communities in Bloom will:
- Provide a jury formed of two volunteer judges for an evaluation (in July or early August)
- Supply an evaluation report, mention and bloom rating;
- Communicate with the community throughout the participation process;
- Provide access to a reputable information exchange network;
- Promote the community during the 2015 Provincial Edition and the Awards Ceremonies

Participating communities will:
- Involve their community and prepare for the evaluation;
- Pay a registration fee (see below);
- Provide lodging for two single rooms for the two volunteer judges for the duration of the evaluation (1-2 nights generally, with a maximum of 3 nights for very large communities);
- Provide transportation to and from the nearest airport, train station, or community where feasible

THE PROGRAM

Communities in Bloom is a Canadian non-profit organization committed to fostering civic pride, environmental responsibility and beautification through community participation and the challenge of national program, with focus on enhancing green spaces in communities. National beautification programs have flourished in Europe — including Great Britain, France and Ireland — for decades, and were the inspiration for Communities in Bloom. The program began in 1995 with 29 Canadian communities and has grown to improve the quality of life in hundreds of participating communities in the provincial, national and international editions. All communities are invited to participate within their population category.

Trained volunteer judges travel across Canada during the summer to evaluate communities and the overall contributions of community businesses & institutions and residents, including volunteer efforts in regards to the following criteria:

Tidiness. Includes an overall tidiness effort. Elements for evaluation are green spaces (parks, etc.), medians, boulevards, sidewalks, streets; municipal, commercial, institutional and residential properties; ditches, road shoulders, vacant lots and buildings; weed control, litter clean-up (including cigarette butts and gum), graffiti and vandalism programs.

Environmental Action. Includes efforts and achievement with respect to: policies, by-laws, programs and best practices, 3-R initiatives (reduce/reuse/recycle), waste reduction, composting sites, hazardous waste collections, water conservation, naturalization, and environmental stewardship activities under the guiding principles of sustainable development pertaining to green spaces.

Heritage Conservation. The criteria includes efforts to preserve heritage within their community. Priority in evaluation is given to natural heritage, as well as the integration of landscape and streetscapes as it pertains to the built heritage of a community. Also consists of preservation of cultural heritage which includes monuments, memorials, artefacts, museums and history, archives, traditions, customs, festivals and celebrations.

Urban Forestry. Includes the efforts with regards to written policies, by-laws, standards for tree management (selection, planting, and maintenance), long and short-term management plans, tree replacement policies, tree inventory, Integrated Pest Management (IPM), heritage, memorial and commemorative trees.

Landscape. This section of the evaluation supports all efforts to create an environment showcasing the overall surroundings. The overall plan and design must be suitable for the intended use and location on a year-round basis. Elements for evaluation include: native and introduced materials; balance of plants, materials and constructed elements; appropriate integration of hard surfaces and art elements, use of turf and groundcovers.

Floral Displays. Evaluates efforts to design, plan, execute, and maintain floral displays. Evaluation includes the design and arrangements of flowers and plants (annuals, perennials, bulbs, ornamental grasses) in the context of originality, distribution, location, diversity and balance, colour, and harmony. This pertains to flowerbeds, carpet bedding, containers, baskets and window boxes.

Blue Water - Tidiness Award Winner, Sponsored by Osm Urban Forestry
South Huron - Environmental Action Award Winner - Sponsored by Master's Turf Supply
Perth & Central Huron - Heritage Conservation Award Winners, Sponsored by Trystan Site Furnishings
Mississauga - Urban Forestry Award Winner, Sponsored by OPA
Prescott - Landscape Award Winner, Sponsored by Landscape Ontario
Leamington - Floral Displays Award Winner, Sponsored by Home Hardware
PROGRAM STRUCTURE

Communities in Bloom is designed to be a continuous community improvement program. It is divided into three phases: Provincial, National and International.

Provincial Editions

Communities participate with other communities in their population category within their province. Provincial judges evaluate the communities on the criteria previously listed and award a certificate to the highest ranked. Any community is allowed to participate in a non-competitive category either to learn about the program or, if they are past participants, to maintain their initiatives, program and committees.

The provincial editions may also include a non-competitive Mentoring category, where an experienced community guides a new community through the process of their first participation. Each provincial organization also offers special programs and categories specific to provincial context and objectives.

PROGRAM COMMITMENT

The participating communities:
- Involve the entire community to participate (with the support of municipal council)
- Prepare for the judging during the summer
- Provide lodging for 1 or 2 nights for the judges
- Pay a registration fee, based on population categories and level of competition.
- Provide transportation for the judges to and from the nearest airport/train station
- Attend the Provincial and/or National awards ceremonies
- Provide awards to the winners
- Pay a registration fee, based on population categories and level of competition.

THE JUDGES’ VISIT – USEFUL TIPS

- Prepare information that addresses all criteria in the evaluation form.
- Make good use of the time spent by the judges in your community, to benefit from their expertise.
- The judges’ itinerary should include all of the criteria.
- Provide the judges with the opportunity to interact with key individuals and network in your community.
- Let them see that you are proud of your achievements.

AWARDS CEREMONIES

The Provincial Awards Ceremonies will be held at the Town of Perth on September 26, 2015 and will include presentations and awards to all participants along with the judges’ feedback.

PROGRAM BENEFITS

Communities have recognized numerous benefits from participating in the program:
- Increased civic pride and community involvement
- Environmental stewardship through the enhancement of green spaces
- Mobilization of citizens, groups, organizations, businesses and the municipality
- Budget and promotional opportunities
- Positive benefits for the tourism, hospitality and retail industries
- Improved quality of life
- Participation from all ages and walks of life of the community

OUTSTANDING ACHIEVEMENT AWARDS

Awards are also part of the provincial and national editions and recognize exemplary achievement in each criteria, plus other special initiatives.

Bloom Ratings

Communities are rated from 1 - 5 blooms

Up to 55 points: 1 bloom
56-63 points: 2 blooms
64-72 points: 3 blooms
73-81 points: 4 blooms
82 points and up: 5 blooms

*New in 2015: There will be four (4) levels of 5 blooms exclusive to the National and International Edition, for evaluated communities only.

- A community does not have to be entered in a competitive category, but will need to be evaluated

THE JUDGES’ VISIT – USEFUL TIPS

- Prepare information that addresses all criteria in the evaluation form.
- Make good use of the time spent by the judges in your community, to benefit from their expertise.
- The judges’ itinerary should include all of the criteria.
- Provide the judges with the opportunity to interact with key individuals and network in your community.
- Let them see that you are proud of your achievements.

AWARDS CEREMONIES

The Provincial Awards Ceremonies will be held at the Town of Perth on September 26, 2015 and will include presentations and awards to all participants along with the judges’ feedback.
February 6, 2015

His Worship Paul Gowing
Mayor
Municipality of Morris-Turnberry
41342 Morris Road
RR 4
Brussels, Ontario
N0G 1H0

Dear Mayor Gowing:

I am pleased to share news with you regarding the 2015 Premier’s Award for Agri-Food Innovation Excellence program and to encourage you to share this information in your municipality.

The Premier’s Award for Agri-Food Innovation Excellence program was created to recognize and foster the spirit of innovation that thrives in Ontario’s agricultural sector. It encourages the development of rural communities, farms, agri-food processors and agri-food organizations by adding value to existing products, creating jobs and driving economic growth.

Each year the program recognizes up to 45 award winning innovations across the province valued at $5,000 each. In addition, there is a Premier’s Award valued at $75,000, a Minister’s Award valued at $50,000, and three Leaders in Innovation awards valued at $25,000 each. All award recipients receive a plaque, a gate sign and use of the Premier’s Award program wordmark.

Primary producers, processors or agri-food organizations are invited to submit applications between February 6, 2015 and April 10, 2015. Details on eligibility, innovation categories, assessment criteria, the application and selection processes can be found in the enclosed 2015 Program Guidebook and Application Form or at www.ontario.ca/agrifoodinnovation.

I ask that you encourage outstanding agriculture and agri-food innovators to submit an application by the deadline of 5:00 p.m. on April 10, 2015. Should you require additional information please contact the Agricultural Information Contact Centre at 1-877-424-1300 or www.ag.info.omafra@ontario.ca.
I have also enclosed a copy of a brochure that highlights the recipients of the 2014 program for the Premier’s Award for Agri-Food Innovation Excellence.

I look forward to learning about agri-food innovations in your municipality.

Sincerely,

Jeff Leal
Minister of Agriculture, Food and Rural Affairs

Enclosure
February 27, 2015

Dear Mayor Gowing,

On behalf of the Ontario Chamber of Commerce (OCC), I am extending my most cordial congratulations on your recent appointment as Mayor of the Municipality of Morris-Turnberry.

The OCC represents 160 local chambers of commerce and boards of trade in communities across the province. Your local chamber or board serves as an important support for businesses in the Municipality of Morris-Turnberry by fostering partnerships and providing business owners with an avenue to become civically engaged. That’s why I encourage you to strengthen your relationship with the leaders at your local chamber or board, as they are a tremendous resource for insight and are your window into your business community.

I am also pleased to present the most recent update to the OCC’s Emerging Stronger economic agenda for Ontario, which is at the core of my organization’s advocacy and research efforts. Emerging Stronger is the OCC’s five-year agenda aimed at spurring growth and prosperity across Ontario by providing clear and achievable recommendations that will directly impact businesses in your community and enhance the vibrancy of your local economy.

I encourage you and your staff to engage with this powerful agenda, which is enclosed in this package.

Once again, congratulations on your appointment. There’s much more work to do to keep our economy on the path from recovery to growth. I look forward to collaborating with you toward a more prosperous Ontario.

Sincerely,

[Signature]

Allan O’Dette
President and CEO of the Ontario Chamber of Commerce
MUNICIPALITY OF MORRIS-TURNBERRY

JOINT HEALTH AND SAFETY COMMITTEE MEETING

Date – March 6, 2015  Time  9:00noon  Place- Council room – 41342 Morris Road

Minutes

1. Call to order: The meeting was called to order by Barry Shaw at 9:00am with all members in attendance.

In attendance:
  Nancy Michie
  Kim Johnston
  Barry Shaw
  Gary Pipe
  Steve Fortier
  Donna Haugh

Others in attendance:
  No others were in attendance

2. Minutes of the last meeting
The Minutes from December 8, 2014 were reviewed.

Moved by: Gary Pipe       Seconded by: Steve Fortier

Motion:
“That the minutes of the December 8, 2014 Health and Safety Committee Meeting be adopted as circulated.”

Disposition                  Carried
3. Unfinished Business
   Kim Johnston is still looking into the new WHMIS regulations.

4. Regular Reports:
   Workplace Inspections from December, 2014, January and February, 2015, were reviewed.

   Bluevale Hall – The Back entrance is in need of cleaning and it was suggested to the Bluevale Hall Committee to change the light bulb to yellow to keep the bugs away, as recommended by Jason Breckenridge on behalf of the Bluevale Hall Board. There are a couple of windows upstairs in the Hall that have been screwed shut. Nancy Michie asked what Bluevale Hall Board plans to do with the windows?

   There was an inspection to take place and only one committee member was able to make it. There must be 2 committee members at every inspection. If a committee member cannot be in attendance, the inspection is to be rescheduled.

   Municipal Landfill – MSDS are continually updated The fire extinguishers have been inspected up to date.

   Morris Works Garage – MSDS are continually being checked. Due to the cold weather, the doors have not been latching properly, but not a concern. The Evacuation Sign has been fastened to the wall and should not cause any further issues. The Bent Grate in Bay 4, is being repaired and a few extra will be kept on hand in case of repair. Fire Extinguishers have been inspected up to date.

   Turnberry Works Garage – MSDS are continually being check and updated as needed. The Fire Extinguishers have been inspected up to date.
Kim Johnston spoke to James Marshall regarding the fire extinguishers and the loaners and James is waiting on Georgian Bay Fire to come back to the locations to replace the loaners.

Municipal Office - MSDS are continually being updated. Items at the top of the stair case is being looked after.

The holes in the ceiling were fixed by Steve Fortier and the Committee thanked him for completing this.

The March and April, 2015 Workplace Inspection dates were scheduled with tentative dates and times.

5. New Business:
   Gary Pipe stated that there are minimal items on the inspection reports and we have a good committee completing the inspections. Nancy Michie stated the Roads Department will be cutting the grass at the Bluevale Hall this summer.

6. Old Business:
   Annual Training will be completed in May, 2015.

7. Date of Next meeting – The next meeting is tentatively booked for Friday June 19, 2015 at 9:00am.

8. Adjournment –
The Health and Safety Meeting was adjourned at 9:27am.

______________________________
Barry Shaw, Chairperson
SOURCE PROTECTION COMMITTEE

MINUTES – MEETING #63

MEETING: SOURCE PROTECTION COMMITTEE

DATE: FRIDAY, DECEMBER 19, 2014

TIME: 9:00 A.M.

LOCATION: GREY SAUBLE CONSERVATION, OWEN SOUND ON

CALL TO ORDER

Chair Mike Traynor called the meeting to order at 9:10 a.m.

In Attendance: Chair, Mike Traynor
David Biesenthal, Bruce Davidson, Carolyn Day, Robert Emerson, Ken Furlong, Kathie Hughes, Brent Lanktree, Les MacKinnon, Les Nichols, Carolyn Parker, Bill Twaddle

Others Present: Teresa McLellan, Ex-officio, Ministry of the Environment (MOE)
Robert Reid, Ex-officio member, Grey-Bruce Health Unit
David Ellingwood, Project Manager, Drinking Water Source Protection (DWSP)
Nancy Guest, Recording Secretary, DWSP

Also in Attendance: John Cottrill, CAO, Grey Sauble Conservation
Bill Jones, CAO, Northern Bruce Peninsula
Emily Vandermeulen, Program Supervisor, DWSP
Alex Milanetti, GIS/Database Specialist, DWSP
Elly Ward, Technical Analyst, DWSP
Karen Gillan, Communications Specialist, DWSP
Judy Rhodes-Munk, Niagara Escarpment Commission
Member of the Press

Regrets: Mitch Twolan, Mark Kraemer

Absent: Dale Thompson
1. **Adoption of Agenda**

Motion No. SPC-14-225

THAT the Agenda be adopted as amended.

Carried

2. **Declaration of Pecuniary or Conflict of Interest**

Committee members were reminded to disclose any pecuniary interest that may arise during the course of the meeting. No disclosures of pecuniary interest were expressed at this time.

3. **Adoption of Minutes**

Motion No. SPC-14-226

THAT the Minutes of the October 3, 2014 Source Protection Committee meeting be adopted as distributed.

Carried

4. **Correspondence**

Email from Chitra Gowda, Conservation Ontario dated November 5, 2014 respecting links to drinking water information was noted and filed.

Email from Ling Mark dated November 27, 2014 advising of Source Protection Plan approval for the Cataraqui Region was noted and filed.

Email from Ling Mark dated October 31, 2014 advising of Source Protection Plan approvals for Trent Conservation Coalition and Raisin-South Nation Source Protection was noted and filed.

5. **Reports**

**Administration Report**

The Project Manager reviewed Report 5a and advised of the appointment of the new Health Sector representative on the Source Protection Committee. Replacement of members was discussed as was Source Protection Plan approvals across the Province. The schedule for Public Consultation was reviewed. The Chair advised that working groups amongst the Chairs and Project Managers may be assembled to address upcoming issues such as replacing SPC members and “parking lot” issues that have been set aside until Plans have been approved. A design for signage in protection areas has been finalised.
Communications

The Communications Specialist reviewed Report 5b and advised that new banner displays have been produced for public consultation meetings and that the Profile newsletter will be sent out shortly.

6. Matters Arising from the Minutes

Revised Assessment Report Updates Report 6a

The Project Manager reviewed the changes that have been made to the Assessment Reports and a discussion following respecting items still to be addressed. The Technical Analyst gave a presentation respecting spill scenarios at intake protection zones (IPZs) and the Program Supervisor explained the zones in Kincardine, Lion’s Head and Wiarton. These three delineations have been approved and four more (Southampton, Meaford, Thornbury and Owen Sound) are awaiting MOE approval.

The Committee recessed from 10:40 a.m. to 10:55 a.m.

Fuel Policies for Events-Based Area Report 6b

The Project Manager reviewed Report 6b and the level of detail that could be written into the policies was discussed by the Committee. The Committee was advised that they can be as prescriptive as they choose, although the MOE would suggest that the Risk Management Official should not be constrained when considering risk management plan options.

Septic Policies Revisions Report 6c

The Project Manager reviewed Report 6c, including the letter received from Program Director Ling Mark dated December 15, 2014, and advised that the Ontario Building Code must be followed. Recommended revisions to the septic policies were reviewed and the Committee concurred with the changes.

Updated Proposed Source Protection Plan Updates Report 6d

The Project Manager reviewed Report 6d and advised of the various changes made to Source Protection Plan policies.

7. New Business

There was no new business.

8. Other Business

SPC member, Les MacKinnon spoke to the issue of lake plankton and shared an article from the National Post.
The Project Manager discussed several articles respecting recent truck spills and suggested working on transportation policies in the future.

There was no other business.

9. **Confirmation of Next Meeting and Adjournment**

The next Committee meeting will be held on Friday, January 23, 2015 at the Grey Sauble Conservation Administration Office, 237897 Inglis Falls Road, RR4, Owen Sound, Ontario.

There being no further business, Ken Furlong made a motion to adjourn at 11:50 a.m.

[Signatures]

Gerry Freiburger repaired siding on front top of building.

John Smuck will approach council re cutting grass and paying Keith for snow blowing.

Jason to check with Recreation re upstairs fridge. It is not keeping cold.

The back entrance will be cleaned in the spring.

Motion adjourn by Jason.
CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

BY-LAW NO. 20-2015

"CONFIRMATORY BY-LAW"

Being a by-law of the Corporation of the Municipality of Morris-Turnberry to confirm the proceedings of the Council of the Corporation of the Municipality of Morris-Turnberry, for the meeting, dated March 17, 2015;

WHEREAS by Section 8 of the Municipal Act 2001, S.O. 2001, c. 25 - A municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under this or any other Act;

WHEREAS by Section 5. (3) of the Municipal Act 2001, S.O. 2001, c. 25 - A municipal power, including a municipality’s capacity, rights, powers and privileges under Section 8, shall be exercised by by-law unless the municipality is specifically authorized to do otherwise;

AND WHEREAS it is deemed expedient that the proceedings of the Council of the Corporation of the Municipality of Morris-Turnberry for the March 17, 2015 meeting, be confirmed and adopted by By-law;

NOW THEREFORE, THE COUNCIL OF THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY ENACTS AS FOLLOWS:

1. The action of the Council of the Corporation of the Municipality of Morris-Turnberry at its meeting held the 17th day of March, 2015, in respect of each recommendation contained in the Minutes and each motion and resolution passed and other action taken by the Council of the Corporation of the Municipality of Morris-Turnberry at the meeting, is hereby adopted and confirmed as if all such proceedings were expressly embodied in this By-Law;

2. The Mayor and proper officials of the Corporation of the Municipality of Morris-Turnberry hereby authorized and directed to all things necessary to give effect to the action of the Council to the Corporation of the Municipality of Morris-Turnberry referred to in the preceding section thereof;

3. The Mayor and Administrator Clerk-Treasurer are authorized and directed to execute all documents necessary in that behalf and to affix thereto the Seal of the Corporation.

Read a first, second and third time and passed this 17th day of March, 2015.

Mayor, Paul Gowing

Clerk, Nancy Michie
