Re: Zoning By-law Amendment

1. Call to order - by Mayor Paul Gowing
2. Purpose of the Public Meeting – Mayor Gowing

PURPOSE AND EFFECT
The purpose and effect of this application is to change the zoning on Part Lot 26, Concession 12, former Township of Turnberry, Municipality of Morris-Turnberry from NE2 to NE3-4 (natural Environment Development Permitted- Special) to permit the construction of a residence and accessory buildings. A special provision recognizes that the area of the subject property is 40.4 ha (100 acres). The lot area includes land zoned NE2 (Natural Environment Limited Protection) and NE1 (Natural Environment Full Protection).

This by-law amends the Municipality of Morris-Turnberry Zoning By-law 45-2014.

He attended the Huron County Municipal Officers meeting on April 22, 2016. It was a great presentation on Shared Services. He met the new Director of Public Works, Jeff Molenhuis, he seems down to earth and approachable. He attended as the Warden at the Huron County Museum on April 30, 2016 – concerning immigration to Huron County. He attended the Wingham Hospital for the photo shoot for the commitment of $200,000.00. He is attending OSUM in Goderich on May 4, 2016.

WHEREAS the cost of electricity to individuals has increased by 50% since 2012 in the Province of Ontario;

AND WHEREAS senior citizens on fixed income, low income families and small businesses are finding it increasingly difficult to meet these rising costs;

AND WHEREAS the Provincial Green Energy Act continues to promote the building of solar farms and wind turbines where they pay the producers much higher rates than what they can charge per kilowatt;

AND WHEREAS on many occasions the Province of Ontario is forced to sell surplus power to our neighbours at a loss;

BE IT RESOLVED THAT the Township of Champlain request the Province of Ontario to place a moratorium on further development of this type and to complete an extensive review of the Green Energy Act in order to provide affordable electricity to our citizens; and

BE IT FURTHER RESOLVED THAT this Resolution be forwarded to our municipalities to seek their support.

Carried as amended

Gary J. Barton, Mayor
April 29, 2016

The Honourable Kathleen O. Wynne  
Premier of Ontario

The Honourable Bob Chiarelli  
Minister of Energy

RE: Review of the Green Energy Act

At its meeting held on April 13, 2016, Council for Champlain Township passed resolution 2016-173a expressing its concern regarding the dramatically increasing cost of electricity in the Province of Ontario.

The Green Energy Act continues to promote the building of solar farms and wind turbines where the Province pays the producers much higher rates than it can charge per kilowatt. On many occasions the Province of Ontario is forced to sell surplus power to our neighbours at a loss.

The Township of Champlain requests that the Province of Ontario places a moratorium on further development of this type and completes an extensive review of the Green Energy Act in order to provide affordable electricity to our citizens.

A copy of Council’s resolution 2016-173a, dated April 13, 2016, is attached for your consideration and a request for support is being emailed to all municipalities in Ontario.

Yours truly,

Alison Collard  
Clerk

Attach.
Executive Summary:

At the County wide Shared Services workshop in September, 2015, a top priority was – a County wide CEMC. A copy of the November 5, 2016 is attached.

Discussion:

On April 5, 2016, I presented a report to the Council advising of a County wide meeting to review the proposal and the proposal would also be presented at the Municipal Officers meeting- April 22, 2016.

The proposal is that the County and any number of lower tier municipalities may want to join together to fund a dedicated CEMC part time position. The position may or may not be a County employee.

A copy of the presentation is attached.

Central Huron have agreed to participate in discussion on the matter, with Bluewater, North Huron, Huron East, Howick expressing interest to participate. They require ratification. Goderich and ACW have said they are not interested.

Points of Interest in the presentation:

1. The Municipalities that wish to participate are entitled to.
2. Funding for the position would be shared by the County and participating municipalities.
3. Currently there is a great deal of duplication.
4. A person could be appointed to the position who can dedicate the time to be trained to a high standard.
5. The Municipality would not lose their voice, the would maintain their CEMC as an alternate CEMC, the Emergency Planning Committee would remain and the Emergency Plan for each municipality would be maintained.

Recommendation:

It is my recommendation that the Council of the Municipality of Morris-Turnberry approve the CEMC Shared Services Report and agree to participate in further discussions with the County and other interested Lower Tier Municipalities, regarding a possible CEMC Shared Service.

Thank you.

Nancy Michie
SERVICES OF THE COMMUNITY EMERGENCY MANAGEMENT COORDINATOR

The Community Emergency Management Coordinator shall provide the following services in relation to this Agreement:

1. Develop, implement and maintain the Municipal Emergency Management Program;
2. Coordinate and deliver emergency management training to the Municipal Emergency Control Group and Municipal staff as deemed necessary by the Municipality;
3. Coordinate annual Emergency Management Program Committee(s) meeting(s);
4. Develop and maintain the Municipality’s emergency response plan;
5. Develop and maintain the Municipality’s community risk profile;
6. Identify inventory of the Municipality’s critical infrastructure;
7. Plan and deliver emergency exercises;
8. Coordinate public education activities;
9. Liaise with all municipal emergency services and emergency management stakeholders;
10. Liaise with all outside agencies, neighbouring municipalities, provincial ministries, etc.
11. Ensure that the Municipality’s elected and appointed officials are briefed on the emergency plan and their roles and responsibilities;
12. Act as an advisor to the Senior Municipal Official and assist them in fulfilling their respective duties during emergency situations;
13. Following the declaration of an emergency, prescribe the necessary duties to be fulfilled by employees and agents of the Municipality in accordance with the Municipal Emergency Response Plan;
14. Attend meetings of the Municipal Council and its committees to discuss matters relating to emergency management as required;
15. Maintain adequate records of all documents and other materials as required;
16. Report to the Municipality’s emergency management program committee on his or her work under subsection (3). O. Reg. 380/04, s. 11 (1); and
17. Schedule office time at the Municipality’s office (if requested).

Annual Performance Reporting Requirements

- Meet the Annual Municipal Maintenance Checklist Requirements as prescribed by the Office of the Fire Marshall and Emergency Management Ontario (OFMEM)

- Report to the Municipality’s emergency management program committee on his or her work under subsection (3). O. Reg. 380/04, s. 10 (4).
5 November, 2015

To: Municipal Government of Ashfield-Colborne-Wawanosh, Bluewater, Central Huron, Goderich, Howick, Huron East, Morris-Turnberry, North Huron and South Huron.

I would like to thank my fellow Huron Councillors and their staff for their participation in our very first Shared Service Review in September 2015. We had over 90 senior staff and politicians present for two and half days to discuss how we can begin to work more closely together in the best interests of all of our taxpayers. I was inspired by the passion and commitment of those present.

You will find attached a copy of the final report of our Shared Service Review including a Priorities Chart to monitor our progress. I would respectfully ask that each of our municipal partners debate the document at your earliest convenience and consider endorsing it in principle.

Two of the strategic items discussed during the workshop centered on Economic Development and Emergency Management. There was an interest among some municipalities to share staff in both of these areas. I will remind you that, as we discussed, the sharing of services does not necessarily have to be with all 9 lower tiers and County. A subset of interested municipalities could also come together to realize efficiencies or improved service. I would also ask each of our municipal partners to indicate their interest in these sharing opportunities:

1) Economic Development
   - The County would provide Economic Development services to the lower tiers in a manner similar to the delivery of planning services in each municipal office. These Economic Development staff persons would be members of the County Economic Development Department.
2) CEMC

- The County and any number of lower tier municipalities may want to join together to fund a dedicated CEMC part time position. The position may or may not be a County employee.

In order to make budgetary adjustments, we would ask for feedback on your municipality's interest by November 30, 2015. Thank you in advance for your consideration.

Emergency Management

Objectives

• To facilitate emergency planning between municipalities with the purpose of developing emergency management programs and plans that are mutually supportive and reflect coordinated response.
• To reduce duplication of activities within geographical areas and increase efficiencies in program planning and implementation
• To present a plan for the allocation of staff resources to provide emergency management services to local area municipalities.
Background

• In 2002, legislation was approved requiring every municipality to develop and implement an emergency management program, designate an employee as the Community Emergency Management Coordinator (CEMC), develop an emergency plan, training programs, exercises, public education, and other elements required for Community Emergency Management.
• Currently the nine local municipalities within Huron County have appointed Fire Chiefs, Clerks, or other municipal workers to maintain an Emergency Management Program at an "essential" level.

Huron County

• The CEMC for Huron County maintains the County Emergency Management Program in compliance with the Emergency Management and Civil Protection Act.
• Part time position allocation
• Within the Huron County Emergency Services
• Maintaining to the "essentials" level
Risk

- Failure to provide adequate resources and support to maintain the program may render a municipality non-compliant with legislation, vulnerable to litigation respecting claims for personal loss and/or damage incurred during emergency situations.
- By ensuring appropriate levels of program support a claim of due diligence may be argued by municipalities who have implemented programs compliant with the regulatory requirements issued by the government of Ontario.

Challenges

- Retaining qualified CEMC
- Time requirement
- Resource requirement
- Mandatory training
- Exercise (planning, writing, completing)
- Public Education requirement
- Most CEMC's have other job duties that over shadow the required CEMC duties
Needs (Shared CEMC)

- Reduce duplication of activities
- Reduce time and expense of planning, training, and public education
- Enhance program development
- Improve coordination of resources and services

Shared service model for Municipalities & County

- Reduce costs, improve services and build local capacity by maximizing local resources
- Reduce duplication of activities within geographical areas & increase efficiencies in program planning and implementation
- Centralize planning & delivery of mandatory public education, emergency exercises and training for Emergency Control Group members across participating municipalities thereby reducing expenses
- Maximize effectiveness of resources, organizations and systems in response to emergencies and disasters
Shared service model for Municipalities & County

- Ensure conformity between the local and County plan as required in the Emergency Management & Civil Protection Act
- Improve coordination between stakeholders, municipalities and local, provincial and federal response agencies

Reduce the number of primary CEMC’s thereby eliminating the need for each participating municipality to maintain a qualified CEMC

Alternate CEMC

- Current municipal CEMC could become the Alternate CEMC for the individual municipality.
- Free up most time spent on Emergency Management for other duties.
- Concentrate on their position expertise.
- Although recommended would not be required to be a certified CEMC.
- Would no longer be required to maintain Mandatory Training required unless required by legislation.
Framework

Based on an appropriate amount of local municipalities and the County participating, a full time Community Emergency Management Coordinator will be hired to provide the necessary requirements of the program.

The CEMC & the program could be housed by the County or any municipality wanting to take the responsibility of this shared program.

Shared Services Model would

- Serve as the Community Emergency Management Coordinator (CEMC) for all participating municipalities
- Coordinate the Emergency Management Program for all participating municipalities to meet the compliance requirements
- Support the Municipal Emergency Control Group during an emergency
- Municipal staff will work with the CEMC to develop a detailed work plan
Each participating Municipality shall

- Appoint by by-law the County of Huron (or host municipality) CEMC as the CEMC for their municipality and identify an Alternate CEMC
- Designate a senior executive as liaison for the CEMC and/or Alternate
- Continue to promote Emergency Preparedness in their municipality
- Maintain a local Emergency Management Program Committee and Emergency Control Group as set out by legislation

Huron County (or Host Municipality) shall

- Provide the necessary resources to support delivery of a share service model including funding for 1.0 FTE CEMC
- Cooperate with and provide assistance to facilitate the Municipal obligations under this agreement

Policy in regards to “Animal Control for Sick Animals”

To be implemented by the Animal Control Officer

The Council of the Corporation of the Municipality of Morris-Turnberry deems it desirable to pass a policy with respect to the control of sick animals.

NOW THEREFORE THE COUNCIL THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY ENACTS AS FOLLOWS:

1. SHORT TITLE; This Policy may be cited as “Animal Control for Sick Animals”

2. DEFINITIONS IN this policy:

   2.1 “Animal Control Officer” means an Animal Control Officer appointed by bylaw of the Municipality of Morris-Turnberry; whose duty is to enforce ordinances regulating the ownership of animals and to respond to incidents in which animals are involved;

3. Control of Cats:

   3.1 Any animal found or seen to be running at large may be seized, if the animal appears to the Animal Control Officer, to be sick;

4. Disposal of a Sick Animal:

   The Animal Control Officer may destroy the sick animal in a humane manner or otherwise dispose of a sick animal as she/he deems fit in his/her discretion, and no damages or compensation shall be recoverable by the owner as a result of any such action.

That this policy is hereby approved by the Council of the Municipality of Morris-Turnberry and be hereby attached as an addendum to By-law No. 80-2013

Dated this 17th day of May, 2016.

NOTICE

The Government of Ontario
Process for Ministers' and Parliamentary Assistants’ Delegations at the
AMO Conference

Sunday August 14 – Wednesday August 17, 2016
Windsor, Ontario

Individual Ministers and Parliamentary Assistants are being asked to participate in municipal delegations. Please note that not all Ministers and Parliamentary Assistants will be taking delegations. If your municipality wishes to meet with a Minister or Parliamentary Assistant, we ask that you complete and submit the online form. Please note all request forms must include the name of a contact person who is knowledgeable about the issue and available to respond to ministry inquiries in a timely manner.

The Ministry of Municipal Affairs and Housing (MMAH) will respond to delegation requests for the Minister of Municipal Affairs and Housing. MMAH will advise other Ministers and Parliamentary Assistants of delegation requests. Decisions on delegation requests for other ministers will be made and given to you by the requested ministers. To assist in expediting your delegation request, we ask that you use the Municipal Delegation Request Form rather than going through your MPP or directly to the Ministers’ Offices.

In order to facilitate municipalities in planning their delegation schedules we will advise municipalities of their delegation times prior to the conference. As a result, no delegation requests will be accepted after the DEADLINE of WEDNESDAY, JUNE 29, 2016.

Municipalities will be contacted by the respective ministries about their requests and, if applicable, the meeting time and location, approximately one week before the conference.

You can now submit one form to request delegation meetings with up to four ministries. To request delegation meetings with more than four ministries, please submit a new form. Please limit issues for discussion to a maximum of three per ministry. We ask that delegates not meet with more than one minister on a given issue. To make the most of the delegation time available (delegations usually run 15 minutes), please ask to discuss your issue only with the Minister or Parliamentary Assistant responsible for that issue.

Thank you.

Executive Summary:

By-law No. 38-2015 was passed by Council on the 15th day of September, 2015. The short form wording has been passed by the Ministry of the Attorney General and registered with the courts, as of April 18, 2016.

The Council reviewed the Draft Open Burn By-law and passed a motion “That the By-law to regulate Open Air Burning be deferred until the May 17th, 2016 Council meeting, for clarification.

Report from James Marshall- Definition of Premise:

James Marshall has sent me a report on clarification of ‘Premises’, further to the request— and if the Fire Code applies to agricultural land. Report is as follows:

I have found several definitions of Premises, they are included below

Premises- a house or building, together with its land and outbuildings, occupied by a business or considered in an official context:

Premises-

n. 1) in real estate, land and the improvements on it, a building, store, shop, apartment, or other designated structure. The exact premises may be important in determining if an outbuilding (shed, cabana, detached garage)

Premises

The property, including the buildings, structures and grounds, that is included in a title to ownership, or a deed of conveyance.

Illustrated Dictionary of Architecture Copyright © 2012, 2002, 1998 by The McGraw-Hill Companies, Inc. All rights reserved

Premises

Land and/or its appurtenances.

3. premises
   a. Land, the buildings on it, or both the land and the buildings on it
   b. A building or particular portion of a building
   c. Law The part of a deed that states the details of the conveyance of the property.

On speaking with two different Ontario Fire Marshal contacts, I received two different opinions from Kevin Kelly and Larry Lundy. Kelly felt that the Ontario Fire Code does not allow for controls on agricultural open air burns. He did feel that the Fire Protection and Prevention Act would allow for bylaws to be passed by the Municipality which under the FPPA there are agricultural burning controls.

Excerpt from the Fire Protection and Prevention Act, 1997

7.1 (1) A council of a municipality may pass by-laws,
   (a) regulating fire prevention, including the prevention of the spreading of fires;
   (b) regulating the setting of open air fires, including establishing the times during which open air fires may be set;
   (c) designating private roads as fire routes along which no parking of vehicles shall be permitted and providing for the removal and impounding of any vehicle parked or left along any of the fire routes at the expense of the owner of the vehicle. 2001, c. 25, s. 475 (3).

Larry Lundy on the other hand felt that the premises was the outbuildings, barns, silos etc. We discussed that the farm household is also part of the premises and yet it is bound by the Ontario Fire Code to have functioning Smoke and Carbon Monoxide Alarms.

The fact that "premises" is not a defined term in the Ontario Fire Code, Planning Act nor our Planning documents can lead one to find varied opinions and definitions.

What we do know is that regardless of the definition of "premises" the Morris-Turnberry Open Burn bylaw covers urban areas and is supported by the Ontario Fire Code and the Fire Protection and Prevention Act. Our Municipal Burn Bylaw also protects our Rural areas with the support of The Fire Protection and Prevention Act in which we can regulate prevention, the spreading of fires as well as regulating open air fires including times they may be set.

James Marshall does not support any further reduction of the Open Burn bylaw. If there is any further amendments, the risks and liability just continue to increase.

For Discussion purposes:

1. Does the Council wish to amend the current By-law No. 38-2015?
2. Does the Council wish to give consideration to the proposed By-Law No. 32-2016?
Consideration:
That the Council review By-law No. 38-2015 and the proposed By-law No. 32-2016.

If By-law No. 32-2016 is passed, the short form wording in place now, will be revoked and we will have to apply for the revised Short Form wording.

Thank you.

Nancy Michie
WHEREAS the Fire Protection and Prevention Act, 1997, S.O. 1997, c.4, Section7(1)(a)(b), as amended states that a council of a municipality may pass by-laws regulating fire prevention, including the prevention of the spreading of fires, and regulating the setting of open air fires, including establishing the times during which open air fires may be set;

AND WHEREAS Section 2.6.3.4 of the Ontario Fire Code provides for the prohibition of open air burning unless approved or unless such open air burning consists of a small contained fire which is supervised at all times, and used to cook food on a grill or a barbeque;

AND WHEREAS Section 8 of the Municipal Act, 2001 S.O. 2001 c. 25 as amended, states that; 'Powers of a natural person - A Municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under this or any other Act';

AND WHEREAS the Council of the Municipality of Morris-Turnberry deems it appropriate to enact a by-law to regulate open air burning;

NOW THEREFORE the Council of the Municipality of Morris-Turnberry, hereby enacts as follows:

1. DEFINITIONS:

"Acceptable Burn Material" means commercially produced charcoal or briquettes, small amounts of white or brown paper or cardboard used to start a fire, dry seasoned wood that has been generated on the landowners own property, dry wood by-products that have not been chemically treated, painted or stained, purchased fire logs or purchased firewood sold for the purpose of recreational campfires and not exceeding the maximum permitted Recreational Fire dimensions defined in this By-Law.

"Burning Barrel" includes but not limited to any container used for burning prohibited materials.

- Is a minimum of three (3) metres clearance from buildings, property lines and combustible materials, or as approved by the Fire Chief's Office; and
- Is used to burn only clean burnable household/ commercial debris and cardboard; and clean burnable agricultural waste, in the agricultural areas.

"Cooking Fire" means a small, confined fire supervised at all times and used to cook food on a grill or barbeque.

"High Risk Period" means any period of time, when due to extreme dry, high wind or other conditions, there is a higher than normal risk of unwanted spread of fire, as determined by the Ontario Fire Marshal or the Fire Chief/ Chief Fire Official, and identified as a High Risk Period.

"Fire Chief" means the Chief Fire Official of the Municipality of Morris-Turnberry & North Huron, Contracted Fire Chief/ Chief Fire Official, or their designate.

"Fire Pit or Fire Pit Area" shall mean an area of ground that has been completely cleared of combustible material and lined with a minimum thickness of 15 cm (6 inches) of sand or mineral soil that will extend a minimum of 30 cm (12 inches) beyond the use of fuel and or burning materials.
"Container" means in an apparatus, container or physical construction (such as a fire pit or a Fire Pit Area, as defined in this By-law) that is capable of controlling the spread of fire.

"Open Air Burning" means a fire set in the Open Air.

"Open Fire" means any open fire other than that defined as a "Cooking Fire" or "Recreational Fire" under this By-Law.

"Poor Air Quality Day" means any period of time when a Poor Air Quality Advisory has been issued by Environment Canada or other recognized government health or meteorological agency.

   a) Contact the Fire Chief/Chief Fire Official prior to starting an Open Fire;
   
   b) Open fires must be confined to daylight hours;
   
   c) Open fires must be set on the landowners own property;
   
   d) Open fires must be supervised until the property owner is of the opinion, that the fire is under control;
e) No person shall locate, permit or allow an Open Fire to be located less than 15 meters from any building, structure, overhead wire or other combustible article.

f) No Open fire may include Prohibited Materials as defined in this bylaw.

g) No person shall set a an Open Fire so as to have smoke or debris interfere with vehicular traffic or otherwise pose a safety hazard on a public roadway.

h) Burn Barrel and a container or a Fire Pit or Fire Pit Area, are allowed for the burning of clean burnable household and agricultural waste and paper products, subject to the General provisions of this By-law.

3. LIABILITY:

The following Liability provisions shall apply to all Open Air Burning within the Municipality of Morris-Turnberry:

Where Open Air Burning is permitted under this By-Law, any person who starts a fire shall:

a) Take all reasonable steps to keep the fire under control including continuous supervision and ready access to effective means of extinguishment;

b) Extinguish the fire before leaving the site of the fire;

c) Be responsible for any damage to property or injury to persons that may result from the said fire, and

d) Be liable for costs incurred by the Municipality of Morris-Turnberry, including administration, personnel, equipment and apparatus necessarily called to investigate, respond or extinguish the said fire, with the costs recovered paid to the applicable fire department.

Any person who contravenes any provision of this By-law is guilty of an offence and is liable to a fine not exceeding $5,000.00 under the Provincial Offences Act; and may also be liable for costs established under the By-Law to Establish Fees.

4. PENALTY AND ENFORCEMENT

4.1 Any person who contravenes any provision of this by-law is guilty of an offence and upon conviction is liable to a fine as provided for in the Provincial Offences Act and set out in Schedule "A", attached hereto and forming an integral part of this by-law.

4.2 Any person, who is in default with respect to any provision of this by-law, and whose action results in the summons and response of the Fire Department, shall therefore be liable for any expenses levied on the municipality by the fire department as a consequence of the default, and such expenses may be recovered by legal action, or in a like manner as taxes as provided in Section 398(2) of the Municipal Act, 2001.

4.3 This By-law shall be enforced by the Fire Department, Provincial Offences Officers, Police, Municipal Law Enforcement Officers, Assistants to the Ontario Fire Marshal, or such other persons as Council may designate.
5. **PROVINCIAL LEGISLATION:**

   Nothing in this By-Law shall supersede or waive the requirements of any Provincial Legislation and/or Regulation.

6. **BY-LAWS REPEALED:**

   By-Law Number 7-2001 is hereby rescinded and repealed.

7. **FORCE AND EFFECT:**

   This By-Law shall come into full force and effect upon third and final reading.

   READ a FIRST, SECOND and THIRD TIME and FINALLY PASSED on this 15th day of September, 2015.

RE: Zoning By-law Amendment  
91049 Holmes Line, Lot 26, Concession 12  
Former Township of Turnberry, Municipality of Morris-Turnberry  

Date: May 12, 2016  

RECOMMENDATIONS  

1. That a resolution pursuant to Planning Act Section 34(17) be approved that no further circulation be required  
2. That a —Holding Zone be added to the NE3-4 zone, with the following provision: “For the area zoned NE3-4-h, the holding zone may be lifted when a Species at Risk permit is provided to the Municipality, or when correspondence from the Ministry of Natural Resources and Forests is provided stating that a Species at Risk Permit is not required.” And,  
   - That the zoning by-law amendment be approved as modified.  
3. That a by-law to delegate the Administrator-Clerk Treasurer the administrative responsibility for removing the —Holding zone when a Species at Risk permit is provided, or correspondence from the MNR and F that it is not required.  

Purpose and Effect  
The purpose and effect of this application is to change the zoning on part of Lot 26, Concession 12, former Township of Turnberry, Municipality of Morris-Turnberry from NE2 to NE3-4 (Natural Environment Development Permitted- Special) to permit the construction of a residence and accessory buildings. A special provision recognizes that the area of the subject property is 100 acres. The lot area includes land zoned NE2 (Natural Environment Limited Protection) and NE1 (Natural Environment Full Protection).  

This by-law amends the Municipality of Morris-Turnberry Zoning By-law 45-2014.  

Planning Comments  
The subject property is a 100 acre forested property, designated Proposed Mineral Aggregates, Natural Environment Limited Protection and Natural Environment Full Protection in the Morris-Turnberry Official Plan. The property is zoned NE2 (Natural Environment Limited Protection) and NE1 (Natural Environment Full Protection) in the Morris-Turnberry Zoning By-law.  

“Planning with the community for a healthy, viable and sustainable future.”
The applicants have submitted an application to rezone a .405 ha area to permit the construction of a house.

**Mineral Aggregate Deposit:** The building site is located within an area designated “Proposed Mineral Aggregates” in the Morris-Turnberry Official Plan. The 2014 Provincial Policy Statement (Section 2.5.1, 2.5.2.4, 2.5.2.5), the County of Huron Official Plan (5.3.10) and the Morris-Turnberry Official Plan (5.3.7) require the long term protection of mineral aggregate.

Section 5.3.10 of the County of Huron Official Plan states:

*Development may only occur adjacent to or in areas of significant mineral aggregate resources, minerals and petroleum resources if:*

a) Resource use is not feasible; or
b) The proposed land use serves a greater long term public interest;  
c) Issues of public health, safety and environmental impact are mitigated, and  
d) The use does not adversely affect the availability of aggregate or petroleum resources in adjacent areas (Minister’s Modification 22)

*Non-agricultural development and lot creation within 300 metres of an existing aggregate operation or aggregate deposit may require an assessment of potential impacts.*

The applicant has submitted an Aggregate Impact Assessment prepared by B.M. Ross to address the requirements of the planning policies.

The B.M. Ross assessment states:

- The gravel deposit on the subject property is a secondary deposit. There is a significant woodland on the site as well as a locally significant wetland adjacent to the site. As recommended by the Huron County Aggregate Strategy (2006) the Morris-Turnberry Official Plan has designated primary and secondary aggregate deposits where there is one natural environment constraint. For the proposed building site, there are two natural environment constraints.

As the aggregate resource is constrained by the natural features, the resource use is considered not feasible.

The Morris-Turnberry Official Plan Section 5.3.1 permits natural environment uses, buildings and structures before and after aggregate extractions in accordance with the appropriate policies of the Official Plan.

**Archaeological Assessment:** The applicants provided an archaeological assessment (Amick Consulting, April 20 2016) that determined there was no archaeological potential on the site.

**Minimum Distance Separation:** The proposed location of the house conforms with Minimum Distance Separation requirements to neighbouring barns.
Natural Environment Features: Section 4.3.6 of the Morris-Turnberry Official Plan allows for natural environment properties to be rezoned to a special natural environment zone provided the policy requirements are satisfied.

Saugeen Valley Conservation Authority has provided comments stating:
- No concerns regarding the significant woodlands, fish habitat, provincially significant wetlands on the site
- The Conservation Authority Regulations do not apply to the building site
- Hazardous Lands shown on the mapping provided should be designated Natural Environment Full Protection in the Morris-Turnberry Official Plan, and zoned NE1 (Natural Environment Full Protection) in the Morris-Turnberry Zoning By-law. These comments will be noted for the five year review of the Morris-Turnberry Official Plan.
- Habitat of threatened or endangered species may be located on or adjacent to the subject property. Section 2.1.7 of the Provincial Policy Statement indicates that development and site alteration shall not be permitted in habitat of endangered species or threatened species, except in accordance with provincial and federal requirements. It is the responsibility of the applicant to ensure the threatened and endangered species policy referred to in the PPS has been appropriately addressed. Please contact the Ministry of Natural Resources and Forestry (MNRF) for information on how to address this policy.

To allow the applicant to determine if there is habitat of threatened or endangered species on the property, the Planning Department recommends that a -Holding zone be added to the zoning by-law amendment (as in NE3-4-h) with the provision:

“For the area zoned NE3-4-h, the holding zone may be lifted when a Species at Risk permit is provided to the Municipality, or when correspondence from the Ministry of Natural Resources and Forests is provided stating that a Species at Risk Permit is not required.”

A second by-law has been prepared to delegate authority to the Administrator Clerk Treasurer to remove the -Holding zone when the Species at Risk permit is provided to the Municipality, or when correspondence from the MNR and F is provided stating that a Species at Risk permit is not required.

These comments are provided in advance of the public meeting. If additional planning issues are raised at the public meeting, further planning comments can be provided.

ATTENTION: Nancy Michie, Administrator Clerk-Treasurer

Dear Ms. Michie,

RE: Proposed Zoning By-Law Amendment
Part of Lot 26, Concession 12
Geographic Township of Turnberry
Municipality of Morris-Turnberry

Saugeen Valley Conservation Authority (SVCA) staff has reviewed this proposed zoning by-law amendment in accordance with the SVCA’s mandate and policies. The purpose and effect of this application is to change the zoning on a portion of the property from NE2 to NE3-4 (Natural Environment Development Permitted – Special) to permit the construction of a residence and accessory buildings. This proposed zoning by-law amendment is acceptable to SVCA staff and the following comments are offered.

Natural Hazards

Portions of the property are designated as Natural Environment in the Morris-Turnberry Official Plan, and zoned Natural Environment in the Municipality of Morris-Turnberry Zoning By-law. In the opinion of SVCA staff the Natural Environment Full Protection designation / zone should be updated. Please find enclosed mapping prepared by SVCA staff (dated March 31, 2016). SVCA staff are of the opinion that the SVCA Hazardous Lands shown on the mapping enclosure should be designated as Natural Environment (Full Protection Areas) in the Official Plan and zoned NE1 (Full Protection) in the by-law. Shapefile information has been provided to Huron County for the subject property.

SVCA staff are of the opinion that the area to be rezoned to NE3-4 as shown on Schedule A is outside of the SVCA staff recommendation for the lands that should be included in the Natural Environment Full Protection designation / zone.
Natural Heritage

The Significant Natural Heritage features affecting the subject property are the significant woodlands, fish habitat, the Provincialy Significant Wetlands, and the potential habitat of threatened or endangered species.

Significant Woodlands

The woodlands on the property are included in the Natural Environment Limited Development designation in the Official Plan and NE2 (Limited Protection) zone in the By-law. While the area to be re-zoned is within the significant woodlands, in the opinion of SVCA staff, the proposed development will result in minimal effects on the ecological features and functions of the woodland. There does not appear to be an alternative location on the property outside of the significant woodlands, and SVCA staff are of the opinion that the proposal appears to conform to Section 4.3.6 of the Morris-Turnberry Official Plan.

Fish Habitat

The Bryce Municipal Drain and other watercourses on the property are considered to be fish habitat by SVCA staff. Section 2.1.8 of the Provincial Policy Statement (PPS 2014) indicates that, among other things, development and site alteration shall not be permitted on the adjacent lands of fish habitat unless the ecological function of the adjacent lands has been evaluated and it has been demonstrated that there will be no negative impacts on fish habitat or on their ecological functions. It is the opinion of SVCA staff that the proposed area to be re-zoned is not within the adjacent lands of fish habitat on the subject property, and that fish habitat will not be impacted by this proposal.

Provincially Significant Wetlands

A portion of the Wingham Wetland Complex Provincially Significant Wetland (PSW) is on the subject property, and the Teeswater Complex PSW is located within close proximity of the property. In accordance with Section 4.3.5, PSW are considered no development zones. In the opinion of SVCA staff, the area to be re-zoned is not within the PSW, nor the 120 metre adjacent lands.

Habitat of Threatened or Endangered Species

It has come to the attention of SVCA staff that habitat of a threatened or endangered species may be located on or adjacent to the subject property. Section 2.1.7 of the Provincial Policy Statement (PPS 2014) indicates that development and site alteration shall not be permitted in habitat of endangered species or threatened species, except in accordance with provincial and federal requirements. It is the responsibility of the applicant to ensure the threatened and endangered species policy referred to in the PPS has been appropriately addressed. Please contact the Ministry of Natural Resources and Forestry (MNRF) for information on how to address this policy.

SVCA Regulation

Please be advised that portions of the property are subject to the SVCA’s Development, Interference with Wetlands and Alterations to Shorelines and Watercourses Regulation (Ontario Regulation 169/06, as amended). This Regulation is in accordance with Section 28 of the Conservation Authorities Act, R.S.O, 1990,
Municipality of Morris-Turnberry
Proposed Zoning By-law Amendment
May 10, 2016
Page 3 of 4

Chap. C. 27, and requires that a person obtain the written permission of the SVCA prior to any “development” in a Regulated Area or alteration to a wetland or watercourse.

“Development” and Alteration

Subsection 28(25) of the Conservation Authorities Act defines “development” as:

a) the construction, reconstruction, erection or placing of a building or structure of any kind;

b) any change to a building or structure that would have the effect of altering the use or potential use of the building or structure, increasing the size of the building or structure or increasing the number of dwelling units in the building or structure;

c) site grading; or

d) the temporary or permanent placing, dumping or removal of any material, originating on the site or elsewhere.

According to Section 5 of Ontario Regulation 169/06, as amended, alteration generally includes the straightening, diverting or interference in any way with a river, creek, stream or watercourse, or the changing or interfering in any way with a wetland.

To determine where the SVCA’s areas of interest are located associated with our Regulation on the subject property, please refer to the SVCA’s online mapping program, available via the SVCA’s website at http://eprweb.svca.on.ca. Should you require assistance, please contact our office directly. The SVCA Regulation Screening Area has also been included on the mapping enclosure.

Permission for Development or Alteration

If development or alteration including construction, reconstruction, conversion, grading, filling or excavation is proposed in or near the Regulated Area in the future, the SVCA should be contacted as permission may be required.

The area to be re-zoned is not within the SVCA’s Regulated Area. As such, permission from the SVCA for development within the area to be re-zoned is not required. If any other works are proposed within the SVCA’s area of interest on the property in the future, the SVCA should be contacted, as permission may be required.

Conclusion

The proposed zoning by-law amendment is acceptable to SVCA staff. SVCA staff are of the opinion that the proposed amendment appears to conform to the policies of the Morris-Turnberry Official Plan and Provincial Policies relevant to the SVCA.

We trust this information is helpful. Should questions arise, please do not hesitate to contact this office.

Candace Hamm

1. The purpose and effect of this application is to change the zoning on part of Lot 26, Concession 12, former Township of Turnberry, Municipality of Morris-Turnberry from NE2 to NE3-4 (Natural Environment Development Permitted: Special) to permit the construction of a residence and accessory buildings. A special provision recognizes that the area of the subject property is 40.4 ha (100 acres). The lot area includes land zoned NE2 (Natural Environment Limited Protection) and NE1 (Natural Environment Full Protection).

This by-law amends the Municipality of Morris-Turnberry Zoning By-law 45-2014.

2. The map showing the location of the lands to which this by-law applies is shown on the following page and is entitled 'Location Map'.

TURNBERRY-CULROSS ROAD WEST
To: Mayor Paul Gowing  
Morris-Turnberry Council  
From: Susanna Reid, Planner  
RE: Application to deem a lot to be outside of a Plan of Subdivision  
Date: May 12, 2016

RECOMMENDATION
That a by-law be approved to deem Lot 471, Plan 100, Morris, Municipality of Morris-Turnberry to not being a plan of subdivision for subdivision control purposes.

PURPOSE OF APPLICATION
The applicants (Joel and Amy Kellington) own the following property:
- Lot 471, Plan 100, Part Lot 472, Plan 100, Part Lot 473, Plan 100 Morris, Municipality of Morris-Turnberry
- Part Lorne Street, Plan 100 Morris, being Part 4 22R2459, Municipality of Morris-Turnberry

They have applied to deem Lot 471 to not be a lot on a plan of subdivision. This will have the effect of merging Lot 471 Plan 100 to the adjacent lands owned by the Kellingtons.

PLANNING COMMENTS
The Kellingtons own 180 Turnberry Street Brussels. The property is comprised of a number of Part Lot 472, Part Lot 473, part of the Lorne Street, as well as Lot 471, Plan 100. The property is designated Hamlet in the Morris-Turnberry Official Plan, and zoned VR1 (Village Residential) in the VR1 (Village Residential) in the Morris-Turnberry Zoning By-law. The property is .30 ha (.75 acres) in size.

The request is made to deem Lot 471, Plan 100 to not be part of a plan of subdivision so the lots will merge on title. This will allow the construction of an accessory building on the property.

The Planning Act requires that the municipality send a by-law to the property owners of the subject land within 30 days of the by-law passing. The owners have 20 days from the date of mailing to make representation to Council.

The owners have provided correspondence consenting that the deeming by-law be registered on title. The deeming by-law is not effective until the by-law has been registered at the land registry office. (Section 50(27)(28)).

The Planning Department recommends that the deeming by-law be approved, and be registered on title.

THE CORPORATION OF THE MUNICIPALITY OF MORRIS TURNBERRY

BY-LAW NO. 46-2016

Being a by-law to deem registered plans not to be registered

WHEREAS Section 50(4) of The Planning Act, R.S.O 1990 c.P. 13, as amended authorizes a municipality to designate any plan of subdivision or part thereof that has been registered eight years or more as not being a plan of subdivision for subdivision control purposes;

AND WHEREAS it is deemed expedient in order to control adequately the development of land in the municipality that a by-law be enacted pursuant to the said Section 50(4).

NOW THEREFORE the council of the Corporation of the Municipality of Morris-Turnberry ENACTS the following:

1. That the part of the subdivision described as follows, shall be deemed not to be part of the registered plan of subdivision for the purposes of section 50(3) of the Planning Act;
2. That these areas are identified on the attached Schedule 'A' which forms part of this By-law;
3. That these areas included are located in 'Registered Plan NO. '100' Morris;
4. That this by-law shall be registered in the proper land registry office;
5. That the Mayor and Clerk are hereby empowered to sign and execute the said by-law;
6. That this by-law shall come into force and effect upon its enactment.

FIREFIGHTERS

THE ULTIMATE MULTI-TOOL

Special Training Courses are attended throughout the year and below is a list taken in 2015:

Confined Space Rescue (Awareness Level) – February 2015 - ESTC
This course offered at the ESTC in Blyth gave the firefighters the concepts, procedures and tools that are necessary for safe entry into confined spaces. They learned what a confined space is, the dangers that exist, the necessary equipment and PPE required for confined spaces and some rescue procedure awareness training.

- Mike Noble
- Tyler Deitner
- Robert Cronin

"Working Smoke Alarms Save Lives, Test Monthly"
Firefighter 1 Gap Course – May 2015 – ESTC
This course offered at the ESTC gave firefighters who completed the old Module A & B courses the necessary training to be grandfathered to the NFPA Firefighter 1 level.

- Jamie Mitchell

Carbon Monoxide Awareness – September 2015 – ESTC
This course was held at the ESTC however was sponsored by the Huron County Mutual Aid Association. The instructor outlines the properties of Carbon Monoxide and how to do proper investigations of CO Calls. Demonstrations on how CO is produced and tips on how to determine sources of CO were passed on to the firefighters during this one day training session.

- Toby Hundt
- Robert Cronin

NFPA 1301 – Fire Inspector 1 – November 2015 – ESTC
This course gives the student learners the concepts and skills of a fire inspector. Participants learned about fire safety, codes and standards, fire protection systems, and how to conduct fire prevention inspections. The course covered preparing inspection orders, investigating complaints, building construction, calculating occupant load and much more.

- Marty Bedard

The Huron East Fire Department has purchased the IFSTA Essentials of Firefighting Manual and Workbook for all firefighters and will be completing the NFPA Firefighting Level 1 course in house during the next few years. This training is part of the NFPA Professional Qualifications Standards adopted by the Office of the Fire Marshal and all Fire Departments are now required to train to this level.

The Brussels Station is also active in the Huron County Mutual Aid Association by attending training session offered and regular meetings held throughout the year. We also get involved with local Public Education activities by hosting a Firehall Open House during Fire Prevention Week, having a booth at the local fall fair and below is a picture of the Fire Safety Trailer at the Farmers Market in Brussels last summer.

"Working Smoke Alarms Save Lives, Test Monthly"
EQUIPMENT PURCHASES & MAINTENANCE

Our annual bunker gear replacement continued in 2015 with the purchase of 2 new sets. We also sent most of the gear away to be professionally cleaned and repaired to the current NFPA standard. Regular Personal Protective Equipment (PPE) replacement continued as well with purchases for boots, helmets, gloves etc. We also continue to replace radios and pagers on an annual basis to keep our communications equipment current. Our Thermal Imaging Camera was repaired and refurbished for $1800.00 in 2015.

In 2011 I reported to Council what it costs to outfit a firefighter. I have updated these figures and included them below as I feel it is important for Council to understand the cost of this equipment.

- Bunker Coat $1250.00
- Bunker Pants $800.00
- Boots $200.00
- Helmet $330.00
- Gloves $100.00
- Balaclava $50.00

**TOTAL $2730.00**

The above amount reported in 2011 was $2,000.00 – That is a 36.5% increase and unfortunately we will see it increase further this year do to the price of the Canadian Dollar.

Other equipment we purchase not listed above include:

- SCBA $7000.00 (depending on style you get)
- Mask for SCBA $350.00
- Bottle $1400.00 (700.00 2 years ago)
- Radio & Mic $1000.00
- Pager $525.00

The Brussels Station applied for and received a grant from the Trillium Mutual Insurance Company (ROOTS FUND) of $10,000.00 which was used to purchase a new SCBA Air Compressor. This compressor cost $20,000.00 to purchase and install. The Firefighters held a fundraising event last summer and raised $6,000. The Huron East/Brussels Community Development Trust Committee gave $2,000 and the other $2,000 was taken from the budget.

The storage shed was replaced for $3500 and a new exhaust system for the firehall was installed at a cost of $3250.00.

2015 Year in Summary

County Fire Prevention Initiative

Topics discussed: Smoke Alarms, Carbon Monoxide Alarms, Safe Burning practices, firework safety, watch what you heat, barn fire awareness, green light, shovel out vents hydrant, fire numbers

Black Burn Media:
- 720 Commercials
- 480 One liners
- 12 Radio interviews

Bayshore Broadcasting
- 480 Commercials
- 8 Radio Interviews

12 Days of Holiday Safety

We were successful in receiving 12 days of holiday safety packages from the Public fire safety council. This gave us 5 packages of “give aways” and information for 5 radio stations ($3000). These safety messages were free of charge and offered a great deal of coverage.

Swing into Summer

We applied for and were lucky to be awarded a “Swing into Summer” campaign prize pack last June. As one of only 5 in Ontario we had 5 blue jays tickets, 30 t shirts, 30 hats, 30 blue jays glasses. We also had enough Pizza and drinks for the 100 students within our classes. To further increase safety we partnered with the local police and ems who attended and brought vehicles and displays. ($3000)

Farm Safety

We offered multiple training days to our students which featured farm oriented safety. This was a program designed for older students. We looked at what to do when an accident has occurred. De-energizing equipment, notifying 911, directing 911 response, and risks found around the farm. We had a very strong turnout and response. While not every student in the class was rural they all had strong rural connections.

Huron/Perth County Hoarding Coalition

This has been developed to ensure that resources are available to assist both ratepayers and municipal workers to ensure that risk is removed and assistance is there for all. So far we have had multiple issues
within Morris-Turnberry, North Huron and ACW. With 1 in 4 deaths occurring within a hoarding situation it is imperative that we address this with partnered agencies.

**Alarmed for Life**

We have been through many homes over the last year. We have attended all home in Bluevale, Belgrave and Lowertown. This has been an educational experience and as you know 2015 was the first year that Carbon Monoxide alarms were included.

**Alarmed for life Old Order Mennonite Edition**

Through multiple meeting and discussion with the community elders we developed a process where consistent education was offered to all of their community. They were apprehensive in having firefighters attend their properties to install alarms. It was the feeling of the community that this was their responsibility to be prepared and install on their own. So far this has included 110 Carbon Monoxide Alarms which were donated to the Mennonite community by the Insurance Bureau of Canada ($6000.00) and 200 smoke alarms. We were able to source out a preferred Old Order alarm which offered battery power only with now led lighting.

**Huron Perth Children’s Aid Society**

I was asked to speak to this group about what they should be looking for within their client’s homes. We determined that there was a need for the workers to have access to carbon monoxide alarms. Through our past connections with the insurance bureau of Canada we were able to get 150 alarms donated. These alarms would retail for just under $10000. Now when CAS workers see that there is a child in need of protecting they can leave an alarm immediately.

**Church Fire Safety Planning**

We met with many if not all of the local Churches to discuss fire safety planning and the issues that may arise within churches. We have created a template in the form of a take home book that all churches can use to increase the level of safety.

This also allowed us to work with a church that has evenings out for some of our residents with higher needs and accessibility issues. This was a great opportunity to work with them and become a recognizable helper. We were able to do evacuations and accountability training in a controlled environment.

**Barn Fire Safety**

Unfortunately we are no strangers to the losses found in large scale agricultural fires. We have been working with local stake holders and farm commodities including OMAFRA to develop farm fire safety planning and best practices. With all of the media and press this winter we received many calls and questions from local farmers in what they can do to help reduce risk.

**Seniors**

We are often invited to meet with seniors groups to chat. I like to go and listen to concerns and questions. We discuss cooking safety and ensuring that they have copies of medications available if we
need to attend their homes. This year we sat down for 3 meals and presentations and 2 morning presentations.

All of the tenders were checked and the corrected value for the Owen King (Option A) bid is shown above. All tenders were properly signed and each was submitted with the specified tender deposit and Agreement to Bond.

A definitive start date has not been established.

Reeves is a well established company. However, we have not worked with them recently for bridge/culvert projects. We followed up with 2 references. Both references spoke highly of Reeves.
Since the lowest tender is acceptable contractually, and the tenderer is experienced in culvert replacement, further analysis is limited to the lowest bid. We therefore recommend that this contract be awarded to Reeves Construction Ltd for the total tender sum of $187,885.21.

Tender deposits were submitted in the form of bid bonds. As such, there are no deposit cheques to return.

Should you have any questions, please contact the undersigned.

Yours very truly,

Dear Premier Wynne:

Please be advised that the Council of the Corporation of the County of Huron passed the following motion at the Sixth Session of Council on 4 May, 2016:

MOTION: #116-16
Moved by: Councillor Fergusson and Seconded by: Councillor Hessel
THAT:
The Council of the County of Huron supports the correspondence from the Municipality of South Dundas:
WHEREAS in the 2016 Ontario Budget, the government of Ontario has suspended current intake of applications to the Rural Economic Development program and has indicated that it plans to integrate the program into the Jobs and Prosperity Fund;
WHEREAS the Jobs and Prosperity Fund is narrowly focused and is restricted to private sector organizations and industry partners, which prevents access to funding for rural municipalities and others who formerly benefitted from the Rural Economic Development Program. The emphasis on large projects that meet either of minimum $5 million or $10 million in eligible project costs thresholds, will significantly restrict benefits from this fund;
WHEREAS in contrast, the Rural Economic Development Program supported a number of capacity building projects including but not limited to Business Retention and Expansion’ and ‘Downtown Revitalization’ projects and Economic Development Strategic Planning projects for small rural municipalities who were looking to improve their local economy. Also of note is that because the Jobs and Prosperity Fund is not specifically designated for rural areas, that funds from this program will likely favour more urban areas of the province.
NOW THEREFORE BE IT RESOLVED THAT THE Council of the County of Huron asks the government of Ontario to reconsider the suspension of and the integration of the

Dear Members:

Please be advised that the Council of the Corporation of the County of Huron passed the following motion at the Sixth Session of Council on 4 May, 2016:

MOTION: #118-16
Moved by: Councillor Donnelly and Seconded by: Councillor Steffler
THAT:
The Council of the County of Huron supports the following resolution:
Whenever human trafficking is a heinous crime that has been referred to as modern day slavery; and
Whenever traffickers recruit, transport, harbour and control the girl next door for sexual exploitation or forced labour; and
Whenever it is one of the fastest growing crimes that starts and stays in Canada, targeting victims - 90 percent of which are Canadian-born and predominantly female, averaging the age of 14; and
Whenever Ontario is a major hub of human trafficking in Canada, and victims are lured, manipulated and coerced, often over the internet from every part of Ontario; and
Whenever human trafficking is in our neighbourhoods and our communities;
Therefore be it resolved that the Council of the Municipality of Trent Lakes support Bill 158, Saving the Girl Next Door Act, 2016, support MPP Laurie Scott's motion for a multi-jurisdictional and coordinated task force of law enforcement agencies, Crown prosecutors, judges, victims' services and frontline agencies; and
That a copy of this resolution be forwarded to all Members of Provincial Parliament and municipalities.

Re: Ontario Imagery Strategy

Please be advised that the Council of the Corporation of the County of Huron passed the following motion at the Sixth Session of Council on 4 May, 2016:

MOTION: #115-16
Moved by: Councillor Frayne and Seconded by: Councillor Hessel
THAT:
The Council of the County of Huron supports the following motion from the Municipality of Bluewater:

Whereas Ontario's growing and aging population is putting an increasing strain on our publicly-funded health care system;
And Whereas since February 2015, the Ontario government has made an almost 7% unilateral cut to physician services expenditures which cover all the care doctors provide to patients – including cuts to programs which are specifically designed to act as incentives for physicians to practice in rural areas;
And Whereas the decisions Ontario makes today will impact patients' access to quality care in the years to come and these cuts will threaten access to the quality, patient-focused care Ontarians need and expect;
And Whereas Ontario in experiencing a growing rural population as retirees move to the countryside;
And Whereas many rural municipalities in Ontario have formed physician recruitment and retention committees and strategies to deal with the reality of physician retirements and shortages;
And Whereas rural areas in Ontario are already at a distinct disadvantage in recruiting family physicians due to a number of factors;

Dear Minister Chiarelli:

Please be advised that the Council of the Corporation of the County of Huron passed the following motion at the Sixth Session of Council on 4 May, 2016:

MOTION: #117-16
Moved by: Councillor Watt and Seconded by: Councillor Vincent
THAT:
The Council of the County of Huron supports correspondence from the Township of North Frontenac:
WHEREAS the Independent Electrical System Operator has requested input on the RFP process used to award renewable energy contracts;
AND WHEREAS the government indicated that new contracts would be directed to willing host communities with the Minister of Energy indicating on March 7 that it would be 'almost impossible' for a contract to be granted under the current process without municipal agreement;
AND WHEREAS three of the five contracts announced on March 10 2016 did not have municipal support for the project;
AND WHEREAS the current process does not meet the government's standards for openness and transparency because municipal Councils are asked to support power projects based on little or no detail and further, the recipient municipalities are unable to determine the basis on which individual contracts were awarded;
AND WHEREAS the province has not demonstrated that renewable energy projects are of sufficient strategic importance in meeting Ontario's electricity generation requirements and/or carbon emission reduction targets to warrant the province taking action to override municipal decisions;
THEREFORE BE IT RESOLVED THAT the Council of the County of Huron requests:
1. That the Municipal Support Resolution become a mandatory requirement in the IESO process;
2. That the rules be amended to require that the resolution related to this support must be considered in an open Council meeting held after the community engagement meeting organized by the proponent;

3. That full details of the project, including siting of project elements and site consideration reports, are required to be made available at the community engagement meeting and to the Council before the resolution is considered;

4. That the terms of any municipal agreement related to the project also need be discussed in open Council and that such agreements cannot contain terms that limit the municipality's ability to exercise Municipal Act powers relative to the project;

5. That the process includes the requirement for the municipality to provide comments on the project directly to the IESO;

6. That any points for Aboriginal participation in a given power project be limited to the First Nation who has a comprehensive claim on the land where the project will be built;

7. That any announcement of the successful bidders includes an explanation of the points awarded to each bid.

AND THAT this Resolution be provided to the President of IESO; Minister of Energy; All Municipalities within the Province; MPP; and AMO.

NOTICE OF PUBLIC MEETING
CONCERNING PROPOSED AMENDMENTS
TO THE MUNICIPALITY OF HURON EAST OFFICIAL PLAN and ZONING BY-LAW.

TAKE NOTICE that the Corporation of the Municipality of Huron East will hold a public meeting on

Tuesday, May 17, 2016 at 7:00 pm in the Municipality of Huron East Council Chambers
(72 Main Street South, Seaforth)
to consider a proposed Official Plan Amendment under Section 26 of the Planning Act
and a proposed Housekeeping Zoning By-law Amendment under Section 34 of the Planning Act, R.S.O., 1990, as amended.

ANY PERSON may attend the public meeting and/or make written or verbal representation either in support of or in opposition to the proposed Official Plan Amendment and/or Zoning By-law Amendment.

ONLY individuals, corporations and public bodies may appeal an Official Plan Amendment or Zoning By-law Amendment to the Ontario Municipal Board. A notice of appeal may not be filed by an unincorporated association or group. However, a notice of appeal may be filed in the name of an individual who is a member of the association or the group on its behalf.

IF you wish to be notified of the adoption of the proposed Official Plan Amendment, or of the refusal to adopt the Official Plan Amendment, you must make a written request to the Municipality of Huron East at the address below.

IF a person or public body does not make oral submissions at a public meeting or make written submissions to the Municipality of Huron East before the proposed Official Plan Amendment is adopted or the Zoning By-law Amendment is approved, the person or public body is not entitled to appeal the decision of the County of Huron to the Ontario Municipal Board.

IF a person or public body does not make oral submissions at a public meeting or make written submissions to the Municipality of Huron East before the Official Plan Amendment is adopted or the Zoning By-law Amendment is approved, the person or public body may not be added as a party to the hearing of an appeal before the Ontario Municipal Board unless, in the opinion of the Board, there are reasonable grounds to add the person or public body.

ADDITIONAL INFORMATION relating to the proposed amendments is available for inspection during regular office hours at the Municipality of Huron East or on the website: www.huroneast.com, and at the Huron County Planning and Development Department, 57 Napier Street, 2nd Floor, Goderich (519) 524-8394 Ext. 3.

PURPOSE AND EFFECT
The purpose of the Official Plan Amendment No. 8 is to amend the Municipality of Huron East Official Plan to conform to the Huron County Official Plan and the 2014 Provincial Policy Statement and Section 26 of the Planning Act. The Huron East Official Plan includes the vision, goals and policy direction for future development and building of all lands within Huron East.

Official Plan Amendment No. 8 implements the Huron East Official Plan Five Year Review and proposes the following changes (the complete Official Plan Amendment and a more detailed list of policy and mapping changes is available at www.huroneast.com):

1. Removal of the requirement for Minimum Distance Separation from a surplus dwelling severance to a neighbouring barn on a separately owned lot.
2. On-farm diversified agricultural uses, wineries and agri-tourism will be permitted in the Agricultural designation.
3. Development within 120m of natural environment features may require an Environmental Impact Study.

4. Update definitions in primary settlement areas to be in conformity with the Human Rights Code.

5. Policies added designating industrial land as an employment area and addressing its removal.

6. A second residential unit is permitted in single detached, semi-detached & multiple attached dwellings or in accessory buildings in Urban Settlements, subject to obtaining permits and servicing connections.

7. Social and administrative community facilities are directed to Urban Settlement Areas. Criteria developed that under limited circumstances may permit public service community facilities (e.g. fire station, sewage lagoon) outside of Urban Settlement Areas.

8. Update infrastructure policies to address private roads in condominiums, reserve sewage capacity and requirements of a traffic impact study and stormwater management plans.

9. Cultural heritage resources policies updated to reflect the Ontario Heritage Act and 2014 Provincial Policy Statement, the requirements for a Heritage Impact Assessment and Archaeological Assessment.

10. Source Water Protection policies and mapping added to protect municipal drinking water wells.

11. Created a new section for Natural Hazards (Flood Plain) with updated definitions and a new map to show Conservation Authority Regulated Lands and Natural Hazards.

12. Ability to re-create original 75 acre lots on Canada Company Road in McKillop Ward and ability to split 150 acres into 100 acre + 50 acre farm parcels in all Wards.

13. Policies added for complete application requirements for all development applications.

14. Minor changes to designations in Seaforth to correct flood plain boundaries of the Silver Creek Special Policy Area in Seaforth. Urban settlement area maps have been updated to show flood plain boundaries.

15. Addition of two appendix maps: Municipal Wellhead Protection Areas and Aggregate Resource Inventory Plan. The Natural Environment Background maps are now part of the Official Plan.

The Housekeeping Zoning By-law Amendment proposes the following changes to the Huron East Zoning By-law (the Housekeeping Zoning By-law Amendment is available at www.huroneast.com):

1. Amend Key Map 67 to correct the zoning on a portion of the property described as Plan 408 Pt Lots 37 to 48, RP 22R5622 Pt 11 (Seaforth), fronting onto Sparling Street from R1- Residential Low Density to IND- Industrial to reflect the designation correction made as part of the Huron East Official Plan Review.

2. Addition of a provision that after the approval of a surplus farm dwelling severance, the corresponding Zone Map will be automatically amended to reflect the change from AG1 (General Agriculture) to AG2 (Restricted Agriculture) for the retained farmland, and AG4 (Agricultural Small Holding) for the severed farm dwelling.

For the past 16 years the Rural Ontario Municipal Association (ROMA) has partnered with the Ontario Good Roads Association (OGRA) to host the OGRA/ROMA Combined Conference each February.

We have valued this partnership. At the same time, we know there is frustration from all four corners of province and from rural municipalities of all sizes. We need to come together, harness this energy and ensure that we are heard. There is no doubt that rural Ontario needs its own forum to explore solutions and press for meaningful change. To that end, we have decided that ROMA will return to its roots by hosting its own, dedicated conference.

ROMA hosted its first rural municipal conference in 1934 and they were an important tradition for more than 65 years. By reviving this tradition, we believe rural priorities can be better aligned, better understood, and better addressed.

So, mark your calendars: **Sunday, January 29 to Tuesday, January 31, 2017 at the Sheraton Centre Toronto Hotel.**

As ROMA works to strengthen our voice and renew our focus on advocacy, we’ll be reaching out to rural municipalities. Our goal is to develop a high-impact, three-day program that reflects your priorities and speaks to your needs.

Given the important work that OGRA does, particularly regarding rural transportation and public works, we look forward to OGRA’s continued support for rural Ontario and cooperation between the two associations on matters of shared interest.

Please stay tuned for more information and opportunities for input. We look forward to charting this course with you.

Sincerely,
Ron Holman, Chair
Rural Ontario Municipal Association (ROMA)
Mayor, Township of Rideau Lakes
The 2017 ROMA Conference was born out of a need to come together to explore solutions and press for meaningful change. The high-impact conference program reflects your priorities and speaks to your needs!

Conference registration is now open. Register via fax or e-mail using the form on page two, online registration will be made available shortly.

Keynote Announcement

Doug Griffiths
Author, 13 Ways to Kill Your Community

We all do things that undermine our opportunity for success, whether we are consciously aware of it or not. When speaking to high school students, Doug realized they had all been told time and again how to be successful. The challenge for them, like so many of us, is to realize the consequences of some of their choices, and how they undermine their success.

Communities are no different. Many want success, make plans for it, and work hard to be successful, but daily they make decisions or display attitudes that work counter to their long range goals. If we simply stop doing what encourages failure, and ensure our attitude is aligned with our goals, our communities can and will prosper well into the next generation.

The first step in producing a healthy community is to realize that success depends on community members possessing a deep and real willingness to change, and a desire to fight for success. If a community doesn’t truly desire it, nothing will change.

Author Doug Griffiths presents a tongue-in-cheek approach to discussing the attitudes and actions that will define success or failure for a community.

Dear Friends,

It is my pleasure to invite you to submit a nomination for the **Ontario Medal for Good Citizenship**.

Established in 1973, the Ontario Medal for Good Citizenship honours Ontarians who, through exceptional, long-term efforts, have made outstanding contributions to community life.

Recipients will be presented with their medal by the Lieutenant Governor of Ontario at a special ceremony at Queen’s Park.

**To make a nomination:**

1. Visit [ontario.ca/honoursandawards](http://ontario.ca/honoursandawards) and click on the Ontario Medal for Good Citizenship link.
2. Download the appropriate PDF nomination form.
3. Read the eligibility criteria and instructions carefully.
4. Fill out the form and submit it with your supporting material. Instructions for submitting your package can be found on the website.

**The deadline for nominations is July 17, 2016**

Please take this opportunity to acknowledge an outstanding citizen in your community. The men and women we honour stand as shining examples to us all.

If you have questions or require a copy of the nomination form to be mailed to you, please send an email to ontirohonoursandawards@ontario.ca or call 416 314-7526, toll free 1 877 832-8622 or TTY 416 327-2391.

Thank you for taking the time to consider a deserving Ontarian for the Ontario Medal for Good Citizenship.

Sincerely,

Michael Chan
Minister
The BMG Recreation Board would like to thank you for your generous donation towards our first Ladies Night Out event held on March 31, 2016. The event was a wonderful success. Without the support of local businesses and the community, events such as this would not be able to continue.

We look forward to hosting another Ladies Night Out in 2017.

Thank you,
BMG Recreation Board

Dear Mrs. Michie,

I am writing to thank you for the role you played in procuring the generous donation the Morris-Temberry council has pledged to the Ildingham District Hospital Foundation's 'Our Hospital, Our Future' campaign. The funds provided will have a significant impact on ensuring high quality local healthcare remains available to all residents of Morris-Temberry for generations to come. I hope this positive relationship between the Municipality and the Hospital can continue well into the future.

With sincere thanks,

Dear Mayor Gowing, Councillors and Nancy Mitchie:

Re: 27th Annual Tourism Event and Brochure Swap, on April 5, 2016

We would like to take this opportunity to thank you for being a sponsor of the 27th Annual Tourism Event and Brochure Swap which took place in the Municipality of Central Huron on April 5th.

The tradition of providing a take home registration gift, this year courtesy of the Municipality of Morris Turnberry, was well received. Registrants were happy to receive their honey from J.R.Fear, soap from Oh So Purdy, maple products from Fairlaine and the post it notes from Morris Turnberry.

This year's theme, Explore Beyond the Shore, explored opportunities for enriching guest experiences in this area.

We extend our thanks to Paul Gowing for attending and bringing greetings as Warden of Huron County and also the Municipality of Morris Turnberry.

The feedback from this year's event was most favourable. Thank you again for your support of this event.

Sincerely,

Cindy Fisher and Karen Stewart

Email from Heather Malcolmson, Director, Source Protection Programs Branch, dated January 28, 2016 respecting the information that was sent to municipalities regarding SPMIF was noted and filed.

5. Reports

Administration Report 5a

The Project Manager reviewed Report 5a and advised that staffing is being reduced due to the current workload. The lead source protection authority is being transferred from Saugeen Valley...
Conservation to Grey Sauble Conservation. The Management Committee supports the transfer and the Boards and Council of the 3 Source Protection Authorities have endorsed the change. A regulation amendment is required and the MOECC will advise when this has been completed. The agricultural workshop attended by DWSP staff was informative with respect to risk management, property tracking systems and annual reporting requirements.

Communications Report 5b

The Chair acknowledged that the focus for communications is now on consultation. The Communications Specialist reviewed Report 5b and advised that letters and information pamphlets to property owners is the priority. The consultation period for amendments to the Source Protection Plan (SPP) has been extended and the media has been notified.

Hanover/Lake Rosalind Tier 3 Water Budget Report 5c

The Project Manager reviewed Report 5c and advised that the risk assessment report was received on December 18, 2015 for review by the peer review team, which was in agreement over finalizing the report. There are no water quantity concerns for Hanover, however there is a significant risk for the Lake Rosalind wells. DWSP staff has met with Brockton to discuss the proposed policies and water management initiatives.

Water Quantity Threat Policies and Proposed Source Protection Plan Amendments Report 5d

The Project Manager reviewed Report 5d and the proposed events-based area policies affecting municipalities with Great Lakes water intakes and water quantity policies that affect the Municipality of Brockton, and other minor amendments to the Source Protection Plan.

6. Matters Arising from the Minutes

Revised Source Protection Plan Report 6a

The Project Manager reviewed Report 6a and advised that resolutions endorsing the amendments to the Source Protection Plan will be required from all municipalities affected by the amendments. Open houses for public consultation will be held on February 3, 2016 at Grey Sauble Conservation and February 9, 2016 at The Plex in Port Elgin. All comments respecting the amendments should be submitted in writing by the end of consultation. The anticipated date for submitting the Source Protection Plan amendments to the MOECC is April 2016.

7. New Business

2016/2017 Workplan Report 7a

The Project Manager reviewed Report 7a and advised that there are two different groups of ongoing work: ongoing and cyclical. Ongoing activities include the overall management of the program; supporting municipalities for implementation; education and outreach; preparing for annual reporting and any updates or amendments to the Source Protection Plan. Cyclical activities
include preparing a workplan for Source Protection Plan updates, assessments for any new drinking water systems and possible future activities.

Ministry Update on Annual Reporting Requirements

Representatives from the Ministry of the Environment and Climate Change gave a presentation respecting Source Protection Annual Progress Report Framework.

8. Other Business

SPC member, Robert Emerson, spoke about the Tommy Cooper Award which is presented annually to individuals who have made outstanding contributions to farming and farm life in Grey and Bruce counties. The award is sponsored by the Bruce and Grey Federations of Agriculture and Bayshore Broadcasting. Mr. Emerson nominated the SPC Chair, Mike Traynor, for the 2016 Tommy Cooper award.

Motion No. SPC-16-253

Moved by Robert Emerson

Seconded by Dave Biesenthal

THAT the Source Protection Committee nominates Source Protection Committee Chair Mike Traynor for the 2016 Tommy Cooper award.

Carried

There was no other business.

9. Confirmation of Next Meeting and Adjournment

The next Committee meeting will be held on Friday, March 18, 2016 at 9:30 a.m. at the Grey Sauble Conservation Administrative Offices, 237897 Inglis Falls Road, RR4, Owen Sound, Ontario.

There being no further business, Bruce Davidson made a motion to adjourn at 3:20 p.m.

CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY

BY-LAW NO. 53-2016

"CONFIRMATORY BY-LAW"

Being a by-law of the Corporation of the Municipality of Morris-Turnberry to confirm the proceedings of the Council of the Corporation of the Municipality of Morris-Turnberry, for the meeting, dated May 17th, 2016;

WHEREAS by Section 8 of the Municipal Act 2001, S.O. 2001, c. 25 - A municipality has the capacity, rights, powers and privileges of a natural person for the purpose of exercising its authority under this or any other Act;

WHEREAS by Section 5. (3) of the Municipal Act 2001, S.O. 2001, c. 25 - A municipal power, including a municipality’s capacity, rights, powers and privileges under Section 8, shall be exercised by by-law unless the municipality is specifically authorized to do otherwise;

AND WHEREAS it is deemed expedient that the proceedings of the Council of the Corporation of the Municipality of Morris-Turnberry for the May 17th, 2016 meeting, be confirmed and adopted by By-law;

NOW THEREFORE, THE COUNCIL OF THE CORPORATION OF THE MUNICIPALITY OF MORRIS-TURNBERRY ENACTS AS FOLLOWS:

1. The action of the Council of the Corporation of the Municipality of Morris-Turnberry at its meeting held the 17th day of May, 2016, in respect of each recommendation contained in the Minutes and each motion and resolution passed and other action taken by the Council of the Corporation of the Municipality of Morris-Turnberry at the meeting, is hereby adopted and confirmed as if all such proceedings were expressly embodied in this By-Law;

2. The Mayor and proper officials of the Corporation of the Municipality of Morris-Turnberry hereby authorized and directed to all things necessary to give effect to the action of the Council to the Corporation of the Municipality of Morris-Turnberry referred to in the preceding section thereof;

3. The Mayor and Administrator Clerk-Treasurer are authorized and directed to execute all documents necessary in that behalf and to affix thereto the Seal of the Corporation.

Read a first, second and third time and passed this 17th day of May 2016.

Mayor, Paul Gowing

Clerk, Nancy Michie
