Type “M” Maintenance Gravel

1.0 Delivery of Tender Forms

1.1 Submit tender on the enclosed Form of Tender and Agreement, in a sealed envelope, delivered and marked:

Tender - Contract NO. 1-2017 - Type “M” Maintenance Gravel

1.2 Municipality of Morris-Turnberry
   41342 Morris Road, Box 310
   Brussels, Ontario
   N0G 1H0

1.3 To arrive at the above address on or before 12:00 noon, local time on Wednesday, March 15, 2017. Tenders will be opened at 12:05 p.m., March 15, 2017 in the Council Chambers.

2.0 Inspection of Delivery Sites

2.1 Prospective bidders shall inspect the location of the delivery sites to insure that they are familiar with all aspects of the work.

3.0 General Information Re Tenders

3.1 Oral, telegraphed or telephone tenders or modifications shall not be considered. Tenders received after the above noted time and date shall not be considered.

3.2 State Tenderer’s legal name in all appropriate places in the Tender Form. The Tender Form shall be signed and sealed, or witnessed, by the principal of the Tenderer who is duly authorized to enter into contracts under seal. The completed Form of Tender and Agreement shall be without exclusion, alteration or erasure.

3.3 In selecting the contractor, the type of work completed, location of the gravel pits, the quality of the material (based on the pit history), the experience and financial status of Tenderers and their proposed Subcontractors will all be considered as well as the Tender submitted. The lowest or any tender will not necessarily be accepted. In the event of a tied Tender, the Tender will be awarded at the Owner’s discretion.

3.4 Tenders may be rejected for any one of the following reasons: Bids received after closing time or date; Bids received on other than the tender form supplied; Bids not completed in ink or by typewriter; Incomplete bids (all items not bid); Bid Bond deposit less than required amount; Qualified or conditional bids or bids not properly signed and sealed.

3.5 For the purpose of this Tender the word “Owner” shall mean the Corporation of the Municipality of Morris-Turnberry and/or the Owner’s authorized agent.
4.0 General

4.1 Before submitting a tender, the Tenderer shall carefully examine the specifications and shall fully inform himself as to all existing conditions and limitations, including all laws, ordinances and regulations affecting the contract and the work and shall include in his tender all items implied or required to complete the work of this contract.

4.2 Should a Tenderer find discrepancies or ambiguities or omissions from the specifications or should he be in doubt as to their meaning, he shall at once notify the Owner at the address listed in Section 1.2.

5.0 Federal and Provincial Tax

5.1 The Tender shall be submitted including Harmonized Sales Tax on the supply, crushing and delivery of the material.

6.0 Bonds

6.1 The Certified Cheque, in the amount of 10%, of the successful Contractor will be held as a performance bond until Substantial Completion of the project as certified by the Owner. Cheques from the unsuccessful bidders will be returned within seven days of the tender opening.

7.0 Scope of the Work

This specification covers the Owner’s requirements for supplying, crushing, hauling, spreading at sites specified in Appendix “A” and “B” attached hereto and forming part of this contract.

The Contractor shall supply all the materials, labour and equipment required to perform the following work except where specifically noted:

7.1 To supply, crush, load, haul and spread 32,550 metric tonnes more or less of Type “M” Maintenance Gravel for spring delivery on the South Half of the Morris Roads.

7.2 To supply, crush, load, haul and spread 8,100 metric tonnes more or less of Type “M” Maintenance Gravel for spring delivery on the North Half of the Turnberry Roads.

7.3 To supply, crush, load, haul and stockpile 500 metric tonnes more or less of Type “M” Maintenance Gravel for delivery at the Morris Machinery Garage.

7.4 To supply, crush, load, haul and stockpile 500 metric tonnes more or less of Type “M” Maintenance Gravel for delivery at the Turnberry Machinery Garage.

7.5 It is understood and agreed that the tender quantities are estimated only and may be increased or decreased by the Owner without any alteration of the contract unit price, however, such increases or decreases shall not exceed twenty percent.
8.0 Materials and Placement

8.1 Aggregates shall meet the requirements of the OPSS 1010, being the Material Specification for Aggregates - Granular A, B, M and Select Sub grade Material. The Owner reserves the right to sample and test the aggregate at the Owners expense. Aggregate not meeting the specification will be rejected and the Contractor shall not receive compensation for that material or placement.

8.2 The granular materials shall be spread in a uniform layer over the road as directed by the Owner. (See Schedule “A” & “B” attached)

8.3 The Contractor may be required to deliver a minimum of 3,500 metric tonnes per day. Only hopper delivery trucks will be accepted for delivery on the roadway. Dump trucks are required for stockpiled material.

8.4 Stockpiles shall be built in layers not to exceed one metre in depth, and each layer shall be completed over the entire area of the stockpile before beginning the next layer. Aggregates delivered in trucks to the stockpile shall be uniformly spot-dumped. Coning of the piles or spilling of the material over the edges of the pile will not be permitted.

9.0 Work Covered By Contract Documents

9.1 Provide all labour, materials, plant, tools, equipment, transportation and services to complete the work according to the specifications.

9.2 All workmanship shall be of the highest quality.

9.3 All work shall be done by skilled workman using up-to-date tools in good working condition and all work shall be of the best grade of modern shop and fieldwork.

10.0 Miscellaneous Work, Protection, Etc.

10.1 The contractor shall be responsible and make good for damage done by his employees, subcontractors and materials to the work and materials of the Owner's materials and property and shall, at his own expense, replace all materials, property and work damaged to such an extent that they cannot be restored to their original condition.

11.0 Workers Compensation Declaration

11.1 The Contractor shall, following acceptance of the Tender, and at the end of the Contract, obtain and provide a clearance letter from the Workplace Safety and Insurance Board, which is satisfactory to the Owner.
12.0 Insurance

12.1 The Contractor shall file with the Owner a Certificate of Liability Insurance in a form acceptable to the Owner.

The Liability Insurance shall:

12.1.1 have a limit of liability in an amount of not less than $5,000,000.00, inclusive for any one occurrence;

12.1.2 be comprehensive Public Liability and Property Damage Insurance covering all operations and liability assumed under Contract with the Owner;

12.1.3 be endorsed to provide that the policy will not be altered, cancelled or allowed to lapse without thirty days prior written notice to the Owner;

12.1.4 name the Owner as an additional insured thereunder and shall protect the Owner against all claims for all damage or injury including death to any person or persons and for damage to any property of the Owner or any other public or private property resulting from or arising out of any act or omission on the part of the Contractor or any of his servants or agents during the execution of this contract.

12.2 The Contractor shall maintain a policy of motor vehicle liability insurance for both owned and non-owned licensed vehicles, having limits of not less than $2,000,000.00 inclusive per occurrence for bodily injury, death, and damage to property.

13.0 Occupational Health and Safety Act

13.1 The Contractor shall work within the requirements of the Act and provide all construction and safety aids necessary for this project. The successful Contractor shall supply the Owner with a copy of the Contractor’s Health and Safety Policy.

14.0 Traffic Control and Vehicle Loading

14.1 The contractor shall provide adequate control of traffic while operating on municipal road allowances.

14.2 Where a vehicle is hauling material for use on the work under this contract, in whole or in part upon a public highway and where motor vehicle registration is required for such vehicle, the Contractor shall not cause or permit such vehicle to be loaded beyond the legal limit as specified in the Highway Traffic Act, R.S.O. 1990, whether such vehicle is registered in the name of the Contractor or not.
15.0 Utilities

15.1 Overhead and underground utilities may exist in the area of construction. The Contractor shall be entirely responsible for any damage to utilities caused by him, his subcontractors or his employees while undertaking this work.

16.0 Payment

16.1 Payment shall be authorized by the Owner on a monthly basis subject to a 10% holdback. This 10% shall be held for a period of 45 days following Substantial Completion of the project as certified by the Owner.

17.0 Completion Date

17.1 The Contractor shall have reached Substantial Completion on the work covered by Sections 7.1 and 7.2 by June 9, 2017 and the work covered by 7.3 and 7.4 by September 22, 2017.

18.0 Special Instructions

18.1 The Contractor shall supply and set up weigh scales at the expense of the Contractor. The Owner will accept loader scales, equipped with a printer. A printout shall be supplied to the owner at the end of each day during the Contract.

18.2 The Owner shall have the right to send loads, selected at random, to the nearest scales to verify the weights.

- END -
Total Tonnage – 33,050
32,550 tonnes – Morris Roads
500 tonnes - Stockpile at Morris Shop
