FIRE AGREEMENT FINALIZED FOR THE
MUNICIPALITY OF MORRIS –TURNBERRY AND
THE TOWNSHIP OF NORTH HURON AND
THE MUNICIPALITY OF SOUTH BRUCE

“Working together builds a stronger community”

The Councils of the Municipality of Morris-Turnberry and the Township of North Huron and the Municipality of South Bruce, have jointly formalized an ‘Automatic Aid fire agreement’

The Council members recognize the importance for the Municipalities to work together to provide a stronger fire service, that will protect the residents and property in the area.

Terms of the agreement are:

1. The South Bruce Fire Department will work with the Fire Department North Huron to provide Automatic Aid Fire Suppression service to the north end of Morris-Turnberry
2. The agreement will provide faster response time for structure fires in the northern end of Morris-Turnberry.

Important Fact: This agreement will benefit the north end of the Turnberry area and creates another step towards fulfilling the goal of working together, which will benefit the residents of the area.

Quote by Mayor Paul Gowing:
This agreement is one more example of our local municipality working together with our neighbours to provide better more cost effective fire services to our residents. Thank you to everyone involved.

Quote by Mayor Robert Buckle:
This is a great opportunity to work with our neighbours by sharing services with other communities that are close to our boundaries. It provides a heightened level of fire service at no additional costs to our residents.

Quote By Fire Chief, R. Bruce Little, South Bruce Fire & Emergency Services
This agreement is one step closer to what I call “A Fire Service with No Boundaries” Neighbors helping neighbors, by enhancing the level of Fire Service to citizens that we serve.

Quote by Fire Chief Dave Sparling- FDNH
“We are pleased to be able to work with our neighbours to improve fire suppression capabilities. This agreement is a very good thing for everyone involved.”
